| Total .... | 2,779,267 | 3,119,830 |
| Increase . | 320,563 | |

The following report on crop conditions throughout the province has just been prepared by the department of agriculture for Alberta:

**Northern Alberta.**

After a mild winter the spring opened early and seeding commenced under very favorable conditions. Dry weather prevailed throughout May, which retarded the growth of crops somewhat, but during the early part of the present month a large amount of moisture has fallen, which ensures a bumper harvest. The acreage has been greatly increased, mixed farming has become general, the great influx of settlers during the past two years has greatly extended the crop area in all directions. Reports from the Peace River are extremely optimistic. Seeding began early and the weather has been ideal.

As predicted last year, the acreage of fall wheat shows a large decrease throughout the province and will not be much better than half a crop. The acreage in flax also shows a decrease, which is accounted for by the unsatisfactory prices of the last two years.

**Central Districts.**

The season opened under very favorable conditions. It was a little earlier than last year. A somewhat larger area has been seeded and the outlook is very promising for a splendid crop. Marked improvements in the cultivation and preparation of the soil is a distinguishing feature of the agriculture of the district. The hay crop in this district will exceed previous records as all indications assure a very large hay harvest and an abundance of feed.

**Southern Districts.**

After an extremely mild winter the spring opened early under very favorable crop conditions. The land was generally in splendid condition for early seeding and retained more moisture than any preceding year during the past four or five seasons. Seeding commenced early in April, and was finished before the first of June. The acreage under crop in this district shows a slight increase and a marked improvement in cultivation and preparation of the soil—a larger area of summer fallow was available for spring crop than ever before in this district, and a noticeable improvement in cultivation methods everywhere throughout the district. The grain germinated early, although it was somewhat delayed in upward growth on account of the lack of rain during the month of May. Ten or 15 per cent. of the crop area has been somewhat damaged on account of dry weather. Rain fell, however, generally throughout the district early this month and in perhaps 50 per cent. of the district, in sufficient amount to insure a good crop. In a large territory, however, insufficient moisture has fallen up to date, and the crop is suffering slightly from want of moisture.

**Canadian Stock Prices**

London, June 19.—Following are the latest quotations of recent Canadian issues: Montreal ¼ premiums; British Columbia ½ discount; Dominion of Canada ⅛ discount; Edmonton 1¼ discount; Nova Scotia 1½ discount; and Vancouver drainage 2¼ discount.

## GRAFT INQUIRY WITNESS TELLS OF MONEY PAID

Says He Wanted to Be on as Good Basis With the Government as Others.

CHECK IS SHOWN TO ROYAL COMMISSION

Explains No Demand Made, but "Just Rather Strong Coaxing" Was Used.

St. John, N. B., June 19.—Hon. N. M Jones, former senator in the state assembly of Maine, and manager of the Edward Partington Pulp and Paper company, was on the stand this morning before the royal commission in the graft inquiry. Prior to July, 1913, his company owned 226¼ square miles and under the new act the timber licenses had been renewed.

"I know William H. Berry," he said, "and had a talk with him about July 1st, 1913 about the classification of our lands. We met at the office of John E. Moore in St. John and Berry hinted that we should pay something into the campaign fund."

Witness went on to say that Berry had stated there had been a controversy in the government as to what the bonus should be. Some wanted it to be $150 per mile, but the premier had been successful in arranging the matter with colleague at $100 per mile. Because of this reasonable adjustment, Berry had told the witness he should pay $15 per mile and assured him that all the other lessees of limits had contributed. Late in July he met Berry and Teed again. Berry urged payment of money to the fund, but the witness refused.

On several occasions they met and Berry declared that all the other lumbermen had paid and he should also. On the last occasion Mr. Jones gave in and paid in over by a check made payable to John E Moore. The amount was $3,225.

"I asked Berry for a voucher," said the witness, "but he refused. I then gave the cheque which Mr. Moore endorsed, and handed over to Berry."

The cheque was produced in court. Mr. Jones explained his persistent refusal to pay because he felt that he had no right to pay.

"Then why did you pay?" asked Mr. Carvel.

"Because the others had paid," witness replied.

"Were there not other stronger reasons operating in your mind?"

"Yes."

"What were the reasons?"

"Well, I felt that if all other lumber men had acceded we wanted to be on as good a basis as them with the government."

Cross-examined by Mr. Teed, witness was asked whether Berry had demanded payment, or was it not more in the nature of coaxing.

"There was no demand," was the reply, "just rather strong coaxing."

## PEACEFUL SETTLEMENT WANTED BY THE IRISH DECLARES LORD BLYTH

London, June 19—Following the archbishop of Yorks letter demanding, as a non-partisan citizen, a peaceful settlement of the Irish question, there comes today an equally noticeable appeal from Lord Blyth, who has done a vast amount of beneficial work for the United Kingdom generally in various directions.

Lord Blyth has just returned from Ireland and declares that while we are within measurable distance of witnessing the whole nation under arms, there are also unmistakable signs that a fervent desire exists among the bulk of the population for a peaceful settlement. Lord Blythe says that if an independent opinion of the whole population of the United Kingdom were obtained probably not one in 50 would favor a prolongation of the strife. Is it right, therefore, he asks, that a small though powerful minority of extremists should be allowed to hinder a compromise.

## THE JULIAN LITTLES OPEN NEWPORT'S DIVORCE SEASON

MRS. JULIAN LITTLE.

Newport, R.I., June 18.—The first of the summer season's divorces among the fashionables of the Newport colony has begun in the Superior court at Providence when Mrs. Julian Little will seek separation from her husband on the grounds of desertion.

It is understood that the plaintiff took up residence at Providence so as to avoid unnecessarily embarrassing Little's relatives in Newport. These include such well known persons as Mr. and Mrs. Reginal Norman and Captain and Mrs. William McCarty Little. Captain McCarty Little is attached to the staff of the war college here.

The couple were married in Reno, June 30, 1909, after Mrs. Little had obtained a divorce from Henry Spies Kip, of New York. Mrs. Little and her present husband have known each other since childhood and always showed great interest in each other until the divorce papers were filed.

Mrs. Little possesses a large fortune and she is also known widely for her beautiful voice. Julian Little, who has played a prominent part in social affairs, recently became a professional actor and at present is leading man with a stock company in New Jersey. Mrs. Little has often been importuned to go on the stage, but she always refused to consider such offers, saying she preferred to remain out of the limelight.

Mrs. Little is the daughter of Mr. and Mrs. Lewis Quentin Jones, of Newport, and a cousin of Mrs. Stuyvesant Fish. She has always been active in social affairs at Newport and was considered one of the most popular members of the local colony.

For some time after their marriage Mr. and Mrs. Little lived a camp life in the West, taking out-of-the-way trails and enjoying themselves among the mountains of California. Then Mrs. Litle grew tired of the great west and expressed a desire to get back to New York, which she thought, after all, was the best city in the world to live in.

**Found Dead in Bed.**

London, June 19.—Sir John Edward Gray Hill, a nephew of the late Sir Roland Hill, the postal reformer, was found dead in his bed at home this morning.

Sir John, who was 75 years old, was an authority on maritime law.

**Harry Vardon Wins.**

Prestwick, Scotland, June 19.—Harry Vardon of South Hertfordshire, England, today for the sixth time won the British open golf championship.

**Boy to Be Deported**

A sixteen-year-old boy named Victor Pugh was today sentenced to one month's imprisonment for theft by Judge Taylor in the district court, and ordered to be deported. The boy came from the United States and has an ungovernable temper. At the mounted police barracks he behaved almost like a madman.

Alexander Antymnik was also charged with theft and remanded for sentence till tomorrow.

## COMPANIES NEAR MONARCH ACTIVE SINCE BIG FIND

Heavy Filing Continues on land in Nakamun and Birch Lake Districts.

TWO LOCAL CONCERNS ARE HIGHLY FAVORED

New Flood of Applications for Provincial Incorporation Pours In.

The activity caused by the discovery of heavy black oil in the Monarch well, 30 miles west of Olds and 48 miles northwest of Calgary, and by the sensational developments in the Birch Lake district, about 90 miles east of Edmonton on the Canadian Northern, keeps up today.

Monarch, which was selling two or three days ago for $12 a share, is very active now at $50, which seems to be about what the stock will stay at until there are further developments.

All those companies which have holdings in the same district as the Monarch are experiencing renewed activity. Among them are Prudential, Union Pacific, Pittsburg and particularly Progress, whose shares went on sale recently at 10 cents. The par value of the stock is 25 cents a share, and it has been in great demand since the Monarch strike was reported the night before last. The progress company has 480 acres adjacent to the Monarch.

Stock in the Nakamun company, which has been drilling for about a year, northwest of the city, was also very active yesterday and today, and the treasury stock was withdrawn from the market. Last week this stock was selling around 25 cents and 35 cents, but now it is up past 50. The oil found at the Monarch is the same kind as the experts have right along expected to reach in the Nakamun and the shales encountered so far at the northern well are said to be identical with those at the Monarch.

B. W. Dunn, the geologist who chose the location for the drilling of the Monarch well, is a graduate of the Houghton, Michigan, school of mines, and it is said he never struck a "duster" in his professional career, during which he has supervised and advised in 75 cases in all parts of the continent, where oil was struck in every case.

Filing for oil gas and coal rights continued today at the local land office. The two districts most favored were the Nakamun and the Birch Lake. In the latter about 100,000 acres have been blanketed in the last three days.

On account of the fact that the Alberta Beaumont and the Alberta Paraffine companies have holdings in the Birch Lake district, and the former west of Olds, in addition to the Okotoks field, the stocks of these two companies have been among the most active of all today and yesterday. The two concerns are making arrangements to begin drilling operations and local investors especially seem to regard them as particular favorites, because their holdings are so wide-spread that no matter which field proves to be the largest and most permanent shareholders in Beaumont and Paraffine will profit.

The strike at the Monarch well has caused another boom of company incorporation in that district and this morning a dozen new companies applied to the provincial registrar of joint stock companies for registration. Some objection has been raised to the incorporation of another company under the name of "McDougall-Segur No. 2." The proposed new company, it is thought, will lead many people to confuse this stock with the original company, which stock is now priced at $1,800 per share. The proposed new company would place on the market shares of the value of $1. The shares in the original company were put on at $1,000 and are held in a syndicate.

New companies for oil operation have been incorporating ever since the strike at the Dingman, but during the last few days there has been another big rush.

(For other Oil News see Page 3.)

## SIX HUNDRED IN THE SHAFT AT BLOW-UP

Smoke Now Issuing From the Pit Mouth—C. P. R. Sending a Special Train to The Scene—Rescue Car Being Rushed From Blairmore—Accident happens near Frank on the Crow's Nest Line

(Special to the Capital.)

Calgary, June 19.—Two hundred men are believed to have perished as a result of an explosion in the Hillcrest collieries' mine at Hillcrest near Frank on the Crow's Nest line this morning. Between 500 and 600 men were in the mine at 9 o'clock when the explosion occurred. Over 400 men escaped, but 200 are left and it is said there is no hope for them.

Calgary, June 19.—Word has just reached the local offices of the Canadian Pacific railway company that there has been an explosion in the mines at Hillcrest, Alberta. There are, it is estimated by the company's officials, between five and six hundred men below. Black smoke is now issuing from the pit mouth.

Up to the time of going to press nothing further was available, but the C.P.R. are sending a special train to the scene, which is now being got ready.

A mine rescue car has been rushed from Blairmore.

The explosion took place about 9.30 o'clock this morning.

This is probably one of the worst mining disasters in the Crow's Nest pass district. Details of the calamity are still very meagre, but from official sources of the C.P.R. here the estimate of the dead is 200.

Up to noon fifty bodies are reported to have been recovered, but as there were five or six hundred men at work below at the time there is yet considerable ground for fear that the death roll will reach a higher figure than is feared at present.

As black smoke is seen issuing from the pitmouth it was believed that the situation below is very serious.

Lethbridge, June 19.—A terrific explosion took place at the Hillcrest mines at 10 o'clock this morning. Information at present is meagre, but report gives out that 200 men are entombed. The C.P.R. is getting ready for despatch from the depot a special train with nurses and doctors.

Little hope is entertained of saving any more men as the mine is reported on fire.

## HALF TOWN OF CARBON NOW A HEAP OF RUINS

Result of a Big Fire This Morning Which Destroyed Six of the Largest Business Blocks Before it Could Be Put Out—Citizens in Great Danger Result of Explosion.

Carbon, Alta., June 19—Practically half the town of Carbon is a mass of blackened ruins as a result of the big fire which started this morning at 1 o'clock and destroyed six of the biggest business blocks in the town before it could be put out.

After working four hours the weary townspeople were finally able to get the blaze under control, and at 5 o'clock the danger was past.

The damage is estimated at between $40,000 and $50,000, and about $12,000 is the amount covered by insurance.

Citizens fighting the fire in the building of Burnett's hardware store ran a great danger, when 50,000 pounds of ammunition, cartridges, exploded, and for some time kept up a rapid volley, which was heard for miles around.

Carbon is situated about 60 miles north-east of Calgary, and the first news of the big blaze was sent in when the telephone wires which burned down during the fire were replaced this morning at 7 o'clock.

**Injured Man Identified.**

Brandon, June 19.—The man picked up on the C.P.R. track, near Griswold, late Monday night, and who is still in semi-conscious condition, was identified at hospital today by a brother-in-law as William Hentzel, a Galician laborer living here.

**Directors Coming Here**

The following directors of the Marshall-Wells Hardware company are expected to meet in Edmonton on June 28; S. Marshall, Duluth, H. Annis, Winnipeg; J. Smith, Portland; W. Reddick, Spokane, and H. G. Finall, Duluth.

**Try to Burn a Church.**

London, June 19—An attempt to burn a church at Beckenham, a south-eastern suburb of London, was made last night by an "arson squad" of militant suffragettes. The flames were quickly extinguished and the damage was small.

**Glasgow Dock Fire-swept.**

Glasgow, June 19—Central dock was destroyed by fire last night. The estimated damage is $1,250,000. The dock originally cost $750,000 to build, and extensive alterations and improvements have been going on during the past year.

PRINTERS FIND IT PROFITABLE TO USE THE CAPITAL'S LINOTYPE COMPOSING DEPARTMENT

# SEYMOUR SAYS HE DISOBEYED CHIEF'S ORDER

**Was Told to Raid First Street Gambling House at Eleven p.m. But Waited Till 12.30 a.m.—Meanwhile He Went North of Tracks to Look for Street Walkers—Made No Arrests and Could Not Remember Names of Persons He Saw—Asked Lancey What "Commissioner Booth Knew About Raids Anyway."**

Ex-Inspector Seymour, who was promoted by Chief Lancey and given complete charge, under him, of the morality department of the city detective force was subjected to a gruelling cross-examination in the witness box at the police investigation yesterday. He was examined at length as to the raid which he was instructed to make on the gambling place next to the Dominion Club on First street. He said he did not carry out the instructions of his chief to raid the place at eleven o'clock, but waited till 12.30.

When Lancey told him over the 'phone towards midnight that Commissioner Booth had been inquiring why he had not pulled off the raid yet witness said he remarked to Lancey: "What does he know about raids anyway? He's only just come on the job."

Mr. Justice Scott: Is that the way you speak to your superior officer?

Seymour: That is what I said.

When witness said that no arrests were made in the raid and no paraphernalia taken, Mr. Justice Scott remarked:

"A very peculiar raid; just walk in and walk out again."

The inquiry was adjourned till Monday next at 10 a.m. as Mr. Biggar has to go out of town.

Seymour said that he was told to raid the place on First street at 11 o'clock, "or when he thought there would be a good crowd there," but he went north of the tracks to arrest some street walkers. He did not get back till 12.30. His instructions from Lancey about the raid came about 8.30 p.m. and he got the warrant at 9.30.

**Wild Goose Chase.**

Mr. Biggar: And then you went out to arrest these street walkers. Were those general instructions or as to particular street walkers?—Witness: Street walkers generally.

You said there were negro women?—Lancey said I was to go out and get these colored women who were attacking people north of the tracks.

Witness said he went to the station about 7.30. He waited at the station for Magistrate Massie two hours before the magistrate came to issue the warrant.

Then you had two hours to spare before eleven o'clock. Did you arrest these women?—No; we did not catch them.

You were three hours on a wild goose chase up in the north of the town looking for these "nigger wenches." Who were in the party?—Tryout was with me; I don't know about Lang.

Afterwards witness said he was sure Lang was not present.

Mr. Biggar insisted on witness giving an itinerary of his "wild goose chase." "I want to know exactly what you did, where you went and what streets you traveled between 9.30 and 12.30."

Witness began to repeat the conversation with Lancey, when Mr. Biggar said: "I am not going to allow you to go back on it."

**Disobeyed Orders**

Do you mean to tell me that, having orders to do this thing in an hour and a half that you immediately went and walked around on the northern part of Kinistino until it was too late to carry out these orders?—Yes. I was around there. We generally made the raids around 12.30, because the shops don't close till around twelve o'clock.

So you were substituting your own discretion for the orders that the chief of police had given you?—I had rung up Chief Lancey in the meantime.

Mr. Biggar: Oh, it took a long time to get at that. What time did you 'phone?—About quarter to twelve.

And you had no other phone message?—No.

Later the witness stated that he did have another 'phone conversation with Lancey about quarter past eleven from a house which he suspected was a house of prostitution because he saw a girl going in there. The girl told him that she was going to move out of town and he told Lancey, who said that he need not arrest her.

Lancey told him: Commissioner Booth wants to know why you have not pulled that raid off yet, and witness replied; "What does he know about raids, anyway; he's only just come on the job." Lancey said: By the time you get there it will be about time.

**A Peculiar Raid.**

For a long time Mr. Biggar insisted that witness should give the names of stores that kept open till twelve o'clock. The witness hedged on the question and eventually said, "Well, the pool rooms and boot blacks are open." He also said that he went into a house on Kinistino because he saw a girl going in. He made no arrests there.

No arrests were made in the raid on the gambling place and no paraphernalia was taken.

Justice Scott: A very peculiar raid; just walk in and walk out again." (Laughter.)

Mr. Justice Scott also asked, regarding his reference to Booth: You knew that Lancey was your chief and that Booth was over Lancey. Is that the way you speak to your chief?

Seymour: That is what I said.

The inquiry was adjourned till ten o'clock Monday morning, Mr. Biggar having to go to Calgary in same cases that he had arranged to appear in before he was asked to act in the inquiry.

## SAYS CANADA NOT TO BLAME FOR FAILURE STOCK MANIPULATION

London, June 19—Sir William Van Horne takes exception to the attempt that has been made here to saddle Canada with some of the responsibility for recent suspensions.

"The failure of some London people to secure control of the Grand Trunk railway and the attendant results of that failure," says Sir William, "have been dragged to Canada. I fail to see any possible connection between this circumstance and Canadian conditions. The Grand Trunk securities have been mainly confined to the London stock exchange ever since I can remember, and the failure of such an attempt by speculators here in London might as well reflect upon South Africa or Australia as upon Canada. There is no real scarcity of money in Canada for legitimate business."

Sir William added: "While there has been over-speculation in city properties in the east as well as in the west, I do not think that values have gone beyond what is justified by the great development that has taken place."

## PASSENGER TRAIN FALLS INTO RAGING TORRENT IN SCOTLAND

London, June 19.—Three women were drowned, and it is feared a dozen other persons perished when a passenger train yesterday went through a culvert and into a torrent at Carr Bridge, 28 miles south of Inverness, Scotland.

A thunderstorm that ravaged the north of England and Scotland was responsible for the accident. The train from Perth was crossing the culvert and became derailed and the culvert, which had become undermined, collapsed and the passing coaches fell into the water.

It is feared that besides the known drowned a dozen other persons were caught in a submerged coach.

**Blames Domestic Troubles.**

Santa Monica, Cal., June 19—Thomas J. Hovell, 64 years old, for 20 years employed in China by the British government, and believed to have been the son of the late Oliver M. Hovell, a physician of London, committed suicide with poison here yesterday. He left a note saying business and domestic troubles had upset him.

**Copper King at Death's Door.**

New York, June 19—F. Augustus Heinze, the copper magnate, is dying at his home in this city, according to a statement made in court yesterday by his counsel, William Travers Jerome. Mr. Jerome appeared in an attempt to reopen the case in which a judgment for $275,000 was obtained against his client.

E. F. Pool is a candidate for gubernatorial nomination in Tennessee. Resident of Nashville.

## HAIR CAME OUT BY HANDFULS

**With Dandruff and Itching Scalp, Scalp Covered with Small Pimples. Used Cuticura Soap and Ointment, Now No Trouble At All.**

503 Jane St., Toronto, Ont.—"I was first troubled with my hair getting brittle and later dandruff and itching scalp. I was afraid to comb my hair as it came out by handfuls and the itching was so severe I was miserable. The trouble kept me from sleeping. My scalp was covered with small pimples which seemed to run into one another and form a scab. The dandruff was so bad I was afraid to comb my hair as it made it show so plainly. It looked very badly. I was thinking of having my head shaved.

"For a long time I tried —, —, —, — and several other remedies but they did not cure it. After some months I picked up a paper with the Cuticura Soap and Ointment advertisement and sent right away for a sample of Cuticura Soap and Ointment. On using just the sample my trouble was better. I used six or eight boxes of the Cuticura Ointment also the Cuticura Soap and my scalp healed, the itching stopped and my hair came in quite thick and now I have no trouble at all." (Signed) Mrs. H. Binger, May 27, 1913.

It costs nothing to learn how pure, sweet, effective and satisfying Cuticura Soap and Ointment are in the treatment of poor complexions, red, rough hands, itching scalps, dandruff, dry, thin and falling hair, because you need not buy them until you try them. Liberal sample of each mailed free, with 32-p. book. Send post-card to Potter Drug & Chem. Corp., Dept. D, Boston, U. S. A.

## "I SLEEP SOUNDLY, FEEL LIKE NEW"

**All Who Lack Vigor, Those Who are Dispirited and Worn Out, Should Read This Carefully.**

**Proof That Health and Renewed Vitality Quickly Return When Right Remedy is Used.**

"I am only thirty years old, yet for almost two years I have felt more like seventy-five. I have found it difficult to sleep at night, and in the morning felt so depressed and heavy that effort was difficult. My hands were always clammy and perspiration on slight effort would break out all over me. It was not unnatural that I should begin to brood over the chance that I should be unfit to do my work, and this dread made my sleepless nights perfect misery. After repeated trials of medicines and mixtures, Dr. Hamilton's Pills gave me the first gleam of hope. From the very first I could see they were different in action from other pills. They didn't gripe and acted as naturally as if nature and not the pills were cleansing my clogged-up system. My spirits rose. I felt much better. The sluggish action of the system gave way to normal activity. Dizziness and headaches ceased, appetite, good color and ambition to work returned, and have remained. I am like a new man, and I thank Dr. Hamilton's Pills for it all."

This was the experience of J. E. Parkhurst, a well known grocery dealer in Jefferson. Follow his advice, use Dr. Hamilton's Pills for your stomach, kidneys and liver, and you'll enjoy long life and robust good health. All druggists and storekeepers sell Dr. Hamilton's Pills, 25c. per box, 5 boxes for $1.00, or postpaid from the Catarrhozone Co., Buffalo, N.Y., and Kingston, Canada.

## MONARCH OIL IS HEAVIEST DUNN HAS EVER SEEN

**Geologist Feels it Coming and Tells Directors Who Sit Up.**

**SPECIAL APPLIANCE ORDERED TO CAP WELL**

**Such Enormous Gas Pressure That Water is Poured Down.**

Calgary, June 19.—A representative of the Western Associated Press traveled by motor to the Monarch well yesterday and was shown a sample of the oil obtained from the well. It was of a dark olive green color. Geologist Dunn, who brought in the well, said he had made no test of the oil but that it was heavier than any oil he had ever come in contact with. Mr. Dunn then told all he knew connected with the strike. He had felt reasonably sure that they would encounter oil early on Wednesday morning, and informed President Georgeson and the directors of the Monarch company of his hopes on Tuesday afternoon. The directors were present when the baler was brought up full of oil. The gas pressure was very heavy and Mr. Dunn was afraid that it might "bring the well in" and cause a flow for which they were not at all prepared. He ordered the cessation of drilling immediately after they got into the oil and in order to check the action of the gas he put about 200 feet of water down the bore. This, he thought, would be sufficient to keep the well normal, until such time as they obtained the special appliance he had ordered, and which fitted over the mouth of the well and which would check any flow of oil that might came, and permit of drilling operations.

## PERLEY WILL TRY TO REACH AGREEMENT ON HINDU IMMIGRATION

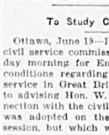
Ottawa, June 19.—Hon. George H. Perley, who is in London, is to take up with the British authorities the vexed question which has arisen at Vancouver in regard to the influx of Hindus to the Pacific coast. The idea in view is to reach, if possible, an understanding with the Indian authorities to restrain or prohibit by diplomatic methods the coming of the Sikhs to Canada, where their presence is unquestionably not desired.

**To Study Conditions.**

Ottawa, June 19—Prof. Adam Shortt, civil service commissioner, left yesterday morning for England, to study conditions regarding the outside civil service in Great Britain, with a view to advising Hon. W. T. White in connection with the civil service bill which was adopted on the last day of the session, but which was held over until next session.

Over 446,000 Danes live in the United States.

DODD'S KIDNEY PILLS



# HUERTA'S MEN WOULD BLAME UNITED STATES

**It Is Feared That the A.B.C. Delegates Will Take Similar Attitude.**

**DISTINCT CHANGE IN FEELING ALREADY ON**

**News From Vera Cruz Shows That the Mexican Outposts Are Advancing.**

Washington, June 19.—The efforts of the A. B. C. mediators of Huerta and his delegates, and of the government of the United States to find a solution of the Mexican problem by conferences at Niagara Falls are expected to end today.

Many officials here believe that the Mexican delegates in issuing a statement Wednesday night declaring that the American interference upon a constitutionalist to head the provisional government would be fatal, were simply laying the foundation for a case against this government. They are intent, it is believed, upon presenting their argument to the world first, placing the blame for failure on what they allege to be the unreasonable contentions of the United States. It is feared in some quarters that the A. B. C. mediators will take a similar attitude and that if this proves the case, the mediation, instead of placing the United States in a good position before Latin America, which was one of the prime reasons for the participation of the United States in the project, will have an opposite effect.

There seems to be little chance of the presentation of new proposals which will save the situation. The constitutionalists, in spite of the disagreement between Carranza and Villa, are adamant on the questions of non-participation in and non-acceptance of the result of the mediation. They declare they would rather fight for triumph in Mexico City and control of the government.

**Deadlock to Continue**

The mediators and the delegates of the United States and Mexico will have a joint meeting tonight. As far as could be learned here tonight, the United States has nothing to propose which will break the deadlock. Until yesterday officials of the government have professed optimism and hope that the difficulty would be bridged over. Now, however, officials are afraid that today marks the end of mediation.

No one in Washington seems to know just what the administration will do when the Niagara Falls conference come to an end. It is believed certain that there will ensue a period of watchful waiting to see if the constitutionalists will overthrow Huerta by force of arms. But Washington officials have come to realize that constitutionalists still have a long road ahead of them.

This is anything but satisfactory, as the administration desires a speedy settlement. So do the other world powers who have interests in Mexico.

If the mediation falls there will be no withdrawal of American forces from Vera Cruz. The army will also be kept on the border and the garrison of the troops at Texas City will be retained. It is expected if mediation fails, that Huerta will ask that Vera Cruz be evacuated, but this will not be done.

**Change of Feeling**

Vera Cruz, June 19.—A distinct change of feeling between Mexicans and Americans was noticeable this morning at the railroad gap at Tempinderas, where the train from Mexico City stops daily. The Mexicans are advancing their outposts and a Mexican commander this morning was openly discourteous to Captain Thomas M. Anderson, Jr., of the Seventh infantry, in charge of the American outposts.

Military men here fear trouble at any time, for they know that the Mexicans are strengthening their positions in the neighborhood.

President Huerta has cancelled all the trains from Mexico City except those over the Mexican railway to Vera Cruz. Other branches are running only for military trains. These carry a few passengers, but no freight except food.

**Deadlock Still Continues.**

Niagara Falls, Ont., June 19.—The American and Huerta delegates hold firmly today to the opposite views expressed by them in public statements explaining the type of man desired by each side for Provisional President of Mexico. Both sides having gone on record before the world the prospect is that neither will give way and that the deadlock will result in a complete breakdown of mediation. Late today there is to be a conference of the mediators and the two sets of delegates. It may be determined then whether any common grounds remain for an agreement. Only the abandonment of the academic discussion on the type of man and the continuance of the search for an individual acceptable to all parties can return the situation from its hopeless state toward the channel of possible solution.

## MANY PURSES LEFT ON STREET CARS; WEEKLY RETURNS

The management of the street railway call the attention of the public to the fact that several pocket books have been found in the cars, in some cases containing large sums of money. Owners can have these by calling at the street railway office and proving their property.

Analysis of the traffic statistics of the Edmonton street railway for the week ending June 11 show that the aggregate receipts for the week were $13,577.12. The number of cars now in operation by the company is 55.

HELP THE GIRLS!

## LIVING COST HIGHER IN MAY THAN SAME MONTH LAST YEAR

Ottawa, June 19—The cost of living in Canada showed a slight decrease in May, according to statistics issued by the labor department, although it is still higher than it was in the corresponding period last year. The department's index number of wholesale prices for May was 136.2 as compared with 136.8 in April and 135.4 in May last year. The slight decrease in May is usual, owing to the abundance of dairy products. On the average, fish, dairy products, miscellaneous foods, metals, fuel and furs were on lower levels, but advances appeared in grains and fodder, fruits and vegetables, textiles, hides, leathers and lumber. The upward tendency in meats which has been so noticeable during the past two years, was continued in May. The indications are that the present month will see another slight rise in the index number. Scarcity is being reported in potatoes and an upward tendency is noted in eggs in many localities.

# HELMSMAN CLAIMS STEERING GEAR OF EMPRESS DEFECTIVE

**Quartermaster Galway Makes Sensational Statements at Inquiry.**

**TESTIMONY DENIED BY PILOT AND OTHERS**

**Lord Mersey Attributes "Misbehaviour" of Ship to Current.**

Quebec, June 19.—Assertions by James Francis Galway, a quartermaster, that the Empress of Ireland did not steer well, that her wheel turned only a few hours before the collision which sent her to the bottom of the St. Lawrence on May 29, that the ship swerved badly in the river, and that the crew of the steamer Alden could verify these statements, and that denial of these claims by responsible officers of the lost liner, made yesterday's session of the commission inquiring into the wreck one of quickly changing and gripping interest from start to finish. Lord Mersey seemed alone among those in court in his decision not to be coerced by the promise and the ultimate production of Galway's evidence. He began by stating that he did not attach much importance to it and wound up by putting questions to the witness, who was in charge of the wheel of the liner just a few hours before she went down, which seemed to indicate that the current of the St Lawrence was responsible for the Empress' "misbehavior" as his lordship flippantly styled Galway's description of the ship's disobedience of the helm. Evidence to rebut Galway's theory and also the suggestion made during the day that the C. P. R. had tried to get him to leave the country were testifying was supplied by John Murphy, the quartermaster, who relieved him, and who contradicted his statement of warning him that the ship was steering badly. Alderdi Bernier, the pilot in charge of her when the jamming was said to have occurred, and several of the Empress officers.

Galway got a severe drilling from Lord Mersey, Robert Archibald, K.C., lawyer for the C. P. R. and though very much flustered, as might be expected, stuck to the main part of his accusation against the Empress' steering gear.

## POLICE CONTINUE TO MAKE ARRESTS OF ALLEGED SLAVERS

An alleged white slaver, Joseph Keppy, was last night arrested by Detective Unruh on a charge of living off the avails of prostitution. This adds still another to the many cases of this kind that have come to the notice of the police within the last few days, and Chief Detective Kroning stated yesterday that there will be no letup until all are either chased out of the city or put away for a time.

The cases of Mah Choe and Mah Duck, Chinamen, arrested in connection with a disorderly house charge, were dismissed by Magistrate Massie Wednesday afternoon for lack of sufficient evidence.

## WAS CONFINED TO HIS BED FOR FOUR MONTHS WITH RHEUMATISM

Mr. W. H. Riley, Ruddell, Sask. writes:—"It is with the greatest of pleasure that I can recommend Doan's Kidney Pills to all suffering with rheumatism. I was so bad with this terrible disease, I was unable to get up from my bed for four months, and nothing seemed to relieve me until a friend recommended Doan's Pills. I had doubts about them, but was so desperate I would try anything suggested to me. After taking half a box I was able to get up, and after taking two boxes could get around quite well. After taking six boxes I was completely cured, and able to work for the first time in five months, and have not had a touch of rheumatism since. Anyone who saw me then would not know me now, as I am strong and active since taking your valuable medicine."

Doan's Kidney Pills help the kidneys to flush off the acid and poisonous impurities which have collected, and thus clean out the kidneys, and dispel the rheumatism from the system.

Doan's Kidney Pills are 50 cents per box, or 3 boxes for $1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

If ordering direct specify "Doan's."

# ASQUITH DECIDES TO GIVE AUDIENCE TO SUFFRAGETTES

**Militants Score Significant Victory—Premier Yields at Last to Demands.**

**HOLLOWAY OPENS DOORS FOR MISS PANKHURST**

**Though Weak From "Hunger Strike," Takes Up Position on Steps of Commons.**

London, June 19—Premier Asquith has capitulated to the suffragettes. He has consented to receive a deputation of east end working women in Downing street Saturday morning.

Mrs. Sylvia Pankhurst's attempt to carry out her threat of a hunger strike at the entrance to the house of commons, until the premier yielded to the demand that he listen to a delegation of women, was largely responsible for the prime ministers decision. The efforts of James Kier Hardie, the socialist independent member of parliament, and George Lansbury, an ex-member, with the premier, helped the militant suffragette leaders to secure the interview.

The victory is a distinct one, because Sylvia Pankhurst was arrested about a week ago for attempting to lead a procession of east end women to Westminster to demand an audience with Mr. Asquith. Holloway jail opened its doors last night and released Miss Pankhurst, who was weak and pale after her eighth successive hunger strike, but still determined.

The militants' plans were effectively arranged, as usual. When their leader emerged from Holloway jail on the arm of two attendants, a motor car was waiting, filled with cushions. Two friends took charge of her and propped her up. A group of militants had gathered outside Westminster, and when the car drove up swiftly they cried, "Here's Sylvia."

A large force of police were on duty, but, apparently under instructions, they made no objections when the automobile entered the palace yard under Big Ben. This is the members' private entrance, and has always been forbidden ground to the militants. Crowds began to assemble and the police were reinforced, but they only maintained an attitude of watchful waiting.

James Kier Hardie emerged from the house bareheaded, and talked with Miss Pankhurst for a few minutes. Then the chief of police and Mr. Hardie made three journeys between the house and the car, evidently acting as go-between.

Sylvia talked with him in a weak whisper.

After the third conference, Miss Nora Smythe, who was Miss Pankhurst's lieutenant, announced to the by-standers:

"We are going to the house of commons to sit on the steps."

Mr. Hardie explained to the crowd that the militant leader had requested admission to the house of commons, which was refused. The engine of the car again started, and the machine drew up at the public entrance to the house of commons. Women carefully arranged the cushions on the steps and lifted Sylvia out, while the police shoved back the spectators. Miss Pankhurst remained unmolested for 10 minutes; then Mr. Lansbury appeared with the news of Mr. Asquith's decision.

The position on the steps was then abandoned by Miss Pankhurst, who was carried to her car and driven away. Several members witnessed her departure, and the people gave a cheer.

The chief Liberal whip afterwards issued to the newspapers a statement that Mr. Asquith gave his consent to an audience several hours before Sylvia Pankhurst paid her visit to the palace yard. The statement added that she had not been forcibly fed during her last incarceration because she was too weak. The premier apparently acted to save her from death by starvation.

The police raided the houses of three militants in a search for incriminating papers. Miss Barbara Wylie announced this fact at a meeting of the Women's Social and Political union which was held in a small rented hall last night.

"The residence of Mrs. Mansell, Mrs. Schute and Mrs. Leety were searched," said Miss Wylie, "but the police retired as they came and found nothing."

## WOMEN ASK SUPPORT FOR LIBERAL PARTY IN ONTARIO CONTEST

Toronto, June 19—The Canadian Suffrage association has taken a hand in the Ontario campaign, and has issued a lengthy manifesto, reciting efforts to obtain the franchise for women and declaring that the conservative party has proved itself antagonistic to the reform. It has been deemed expedient by the reform party to champion this reform. It is therefore in line with the policy of this association to ask all in sympathy with the cause of political equality to do all in their power to elect the reform party to power and thereby place Ontario in the line of progress with New Zealand and Australia."

**Read How You May Have It Almost Free**

Cut out the above coupon, and present it at this office with the expense amount herein set opposite the style selected, (which covers the items of the cost of packing, express from the factory, checking, clerk hire and other necessary EXPENSE Items), and receive your choice of these books:

**Panama AND THE Canal** In Picture and Prose $4 Illustrated Edition

This beautiful big volume is written by Willis J. Abbot, a writer of international renown, and is the acknowledged standard reference work of the great Canal Zone. It is a splendid large book of almost 500 pages, 9x12 inches in size; printed from new type, large and clear, on special paper; bound in tropical red vellum cloth; title stamped in gold, with inlaid color panel; contains more than 600 magnificent illustrations, including beautiful pages reproduced from water color studies in colorings that far surpass any work of a similar character. Call and see this beautiful book that would sell for $4 under usual conditions, but which is presented to our readers for SIX of the above Certificates of consecutive dates, and only the ..... Expense Amount of $1.20

(Sent by Mail, Postage Paid, for $1.60 and 6 Certificates

**PANAMA and the CANAL** $2 OCTAVO EDITION

Regular Octavo size; text matter practically the same as the $4 volume; bound in blue vellum cloth; contains only 100 photographic reproductions, and the color plates are omitted. This book would sell at $2 under usual conditions, but is presented to our readers for SIX of the above certificates of consecutive dates and only the..... Expense Amount of 50c

Sent by Mail, Postage Paid, for 70 Cents and 6 Certificates

# COMPANIES MUST LIVE UP TO THE LETTER OF LAW

British Columbia Company Operating in Alberta Without Right.

## REFUSED REGISTRATION AND THEN DID BUSINESS

Companies Cannot Operate Both for Trust and Investment.

A fine of $750 for operating contrary to the company regulations of Alberta has just been secured against the Aetna Trust and Investment company, with offices in Edmonton and Calgary. The prosecution took place in the latter city and was conducted by the attorney general's department at the request of the provincial secretary's department.

The company was registered under the laws of the province of British Columbia and was incorporated to do business as a trust and investment company. In Alberta trust companies are not allowed to speculate in real estate and carry on a general brokerage business, but the Aetna company comprised in its charter numerous lines of activity, some of them widely different from the powers usually granted to a trust company.

The company was instructed, on applying for incorporation in Alberta that they must divorce the investment end of the business from the trust business and carry on one or the other, but not both.

The company however did a considerable amount of business in the province without being registered in this province, hence the fine. The company was dealing in oil stock and sold a quantity of stock of oil companies which were also not registered in this province.

Both the provincial secretary's department and the attorney general's department are keenly on the look-out for companies operating here contrary to the laws of the province and proceedings have been taken in a number of cases. As a consequence there is being exhibited a tendency to comply with the strict letter of the law.

## APPLICATION MADE FOR LICENSE NEAR ST. PAUL DE METIS

An application has again been made for a license at Brosseau, in the St. Paul de Metis district.

St. Paul de Metis is a "dry" settlement, covering an area of six townships. Many of the people in the district are strongly opposed to liquor licenses being granted in this area, which was established years ago by the priests who founded the mission station there.

The government has in the past refused to permit liquor to be sold in this district.

A number of petitions have been received by the attorney-general's department asking that the license shall not be granted, and it is not expected that the department will depart from the policy already laid down in regard to this district.

There are 26,000 moving picture theaters.

# CONTRACT LET FOR A NEW ADDITION THE RUTHERFORD

Fifteen Appointments Made by Board of Public School Teaching Staffs.

## SUMMER PLAY GROUNDS WILL OPEN ON JULY 1

One Man and One Woman Supervisor Will Be Placed in Charge of Each.

Increased school accommodation was provided for at a meeting of the school board last night by the awarding of two contracts aggregating $78,226. The first was to Brown and Hargraves for the erection of an eight-room addition to Rutherford school, the second to Ross Brothers, limited, covering installation of heating and ventilating systems in same.

The question of appointing a successor to Building Commissioner Turner was referred to the building and grounds committee. It was felt that promotion of some present employee would work best results.

Upon recommendation of the management committee, 15 appointments were made to the public school staffs. This embraces various departments from supervisors to teachers in different departments. Two men teachers and two women teachers will also be added in connection with the supervision of playgrounds. One of each will be placed at the McKay avenue and the King Edward schools when the summer playgrounds open on July 1.

An offer was received from Brewster and Painter to sell a strip of property 50 feet square in the rear of the library site, College avenue. The board desire the same in conjunction with some lots they already own that are adjoining, and Painter which they propose to erect an administration building. The building and grounds committee were instructed to deal with the matter further.

W. L. Richardson, director of technical education, was granted an increase in salary from $2,750 to $3,000 per annum.

It was decided to make an industrial survey of the city to find out the needs required for industrial education. The movement has been the result of the deliberations of the advisory committee on technical education.

A representative of the provincial educational department addressed the board on the methods and benefits of the government's offer to conduct the sale of school debentures. The matter was laid over for further consideration.

A letter from the Medicine Hat board asking for a copy of specifications covering heating and plumbing plants installed in the city schools here was referred to Building Commissioner Turner. The high standard set by Edmonton schools in heating and sanitation is being taken up in other centers.

## WATERWAYS RAILWAY BRINGS PROSPERITY TO OLD LAC LA BICHE

The Lac la Biche district, particularly the old Hudson's Bay fort, is experiencing unsurpassed activity and prosperity, according to L. Trudel, further, who has just returned to the city from a seven-weeks' trip.

The Alberta and Great Waterway grading is expected to reach that district this summer and at present about 500 men are employed by contractors. The road from Athabasca to Lac la Biche is lined with teams and men going into that country and beyond. In the last five weeks, no less than 12 large stores have been built at Lac la Biche, and everybody is hanging onto land.

The district is a real fox country and Mr. Trudel counted 81 live animals while up there. Almost every half-breed has one or more, he says.

### Penniless Widow Now Rich

Muskogee, Okla., June 19—An 80-acre farm, with five producing oil wells on it, and a $200,000 bank account, is fortune's gift to Mrs. Lottie Hammock, a widow with seven fatherless children, who, three months ago, were threatened with starvation. The farm was heavily mortgaged. Oil was struck and there are now five producing wells, which have made Mrs. Hammock rich.

## LADY CLERK MAKES FORTUNE FROM OIL LEASE NEAR SEGUR.

Stories of fortunes made in oil continue to be brought to light. One of the most notable is that of Miss Florence M. Hudson, a clerk in the department of natural resources of the Canadian Pacific railway at Calgary.

Miss Hudson has just sold 480 acres of leases for $54,000 in cash and a suit-case full of certificates, from which she expects to realize another fortune. She still retains a 160-acre lease.

This lucky lady took up her leases a year ago. They cost her just $165 at that time and are situated just north of the McDougall-Segur holdings, where there has been such prolonged activity during the past three or four days. McDougall-Segur stock has quickly gone up from $1,850 to $1,800 a share, and it is said none is for sale even at that price.

Stokes-Stephens, which has large holdings, also north of the McDougall-Segur company, has experienced a big jump since the flight of the other stock. Stokes-Stephens is about to drill near McDougall-Segur, and many small blocks of the stock are held in Edmonton.

## FRENCH CONGRESS COMES TO AN END WITH A BANQUET

Prince Albert, Sask., June 19.—At the banquet which wound up the French congress the proceedings were opened by singing the national anthem immediately followed by the blessing of the table by Bishop Pascal of Prince Albert. The toast to the King was omitted, but the toast to the pope was honored.

Hon. Louis Coderre delivered an eloquent speech in which he emphasized his belief that Saskatchewan is the final place for Quebec people to settle. The congress among others passed a resolution favoring the introduction of the French language into all schools, the introduction of bilingual teachers from the province of Quebec and their recognition by the provincial department of education; the nomination of a missionary colonizing agent for work in northern Saskatchewan, also the nomination of a missionary to undertake the special instructions among the agricultural people of the French speaking community of Saskatchewan and the establishment of permanent committees on colonization in the large cities.

Officers of the Saskatchewan association were elected as follows: President, J. E. Morrier, Prince Albert; vice-president, Rev. Father Kugener, Dollard, Sask.; general director, Rev. Father A. F. Auclair, O.M.I., Prince Albert; executive committee, J. A. Potvin, C. E. Parrot, L. P. Cloutier, J. F. Daoust, all of Prince Albert; legislation committee, Rev. Father Benoir, W. Amyot, J. E. Fortin, all three of Regina; legal adviser, W. Amyot, Regina.

A resolution was passed setting forth the rights of Catholics and French speaking people to separate schools and their determination to ever strive for their maintenance.

## AUTO SPEEDERS APPEAR IN COURT AND ARE FINED

Once again the auto speeders have been called to halt. Six of them appeared in police court this morning and paid for their excessive rate of travel. This time medical men seem to have been in a great hurry, answering hurry-up calls and so on.

Dr. Archibald went at the rate of 16 miles an hour over the high level bridge, and that cost him $10 and costs. He stated that in 18 years of auto driving he had never yet been accused of exceeding the limit and said he believed that three women were in the auto at the time mentioned, and not himself.

Dr. Valery went at a 21 mile an hour gait and Dr. Barrow at a 19 mile gait, but were allowed on suspended sentence. R. M. Shumert sped past a stopped street car and was fined $25 and costs. M. Langdron hit the 19 mile clip and paid over $20 and costs, as did M. S. Brooks, driving the mail car over the big bridge.

Fort Worth, Texas, chamber of commerce has completed a new $125,000 club building.

New Bedford, Mass., is widening to 600 feet two of its principal streets.

## POLICE COURT

The drunk list this morning included Andrew Muirhead and John Miller. Each paid $3 and costs. James Gordon had a bigger drunk and paid $4 and costs. W. E. Proctor was given suspended sentence, and H. Davies, M. Malark, Bert Pratt and George Marchison were given short notice to clear the town and get to work. Mike McKenney had meen up before and that cost him $10 and costs.

Gus Anderson wouldn't work, but will now be forced to do some real hard labor for the next 30 days. Fred Fox, a vag, still has 60c left, and was told to shake the dust. Oscar Oakleaf will come up tomorrow for being drunk.

When the court read to Eva Dalton a charge of being the keeper of a disorderly house on Jasper avenue, the accused merely replied, "I'm not guilty. I don't keep no house there. I just room there." It will be decided on Tuesday. Eva Masson on a similar charge was adjourned till Monday.

Thomas Stoke obstructed an arrest by a police officer and paid the court $15 and costs.

Joe Kelly was arrested last night and charged with having stolen $160 from G. White. His case was laid over till the 26th. Tom George is accused of breaking and entering a First street store. Adjourned till tomorrow. He was arrested by Detective Broadribb.

J. J. Swift will appear Monday to answer a charge of living off the avails of prostitution. Swift even expressed ignorance of knowing what a prostitute is.

Mike Babbidge is of simple mind and likes to talk to himself. A doctor told the court he was not exactly insane, but he drew a 30 day penalty as a vagrant.

# MERCHANT HELD AS A SMUGGLER; FRIEND DETAINED

Diamonds, Jewelry and Silk Dresses Found In False Bottom of Trunk.

New York, June 19.—Auguste Deraud, a wealthy dry goods merchant of Hermosillo, Sonora, Mexico, was arrested by federal officers and held in $2,000 bail on a charge of smuggling. Diamonds, jewelry and two silk dresses of a total value of $1,200 are alleged to have been found in the false bottom of a trunk owned by the merchant. He arrived from Havre on the steamship France Friday night.

Leon Rozel, who traveled with Deraud, was held in $500 bail as a material witness at the trial.

On his arrival here Deraud was asked to make his baggage declaration. He said he had nothing dutiable. Customs inspectors then made a careful examination of his trunks, and after sounding them are alleged to have found a secret compartment at the bottom of one of the receptacles.

The merchant said that two gold watches, said to have been found on his person, belonged to a friend. He said he borrowed them for use in Europe, and was about to return them. The initials on the timepieces, he said, were those of his friend.

## 'DRYS' HELP PUT OUT FIRE IN A BREWERY

Preston, Minn., June 19.—"Dry" adherents at a picnic stopped their merry-making long enough to help put out a fire in a brewery.

The Preston brewery, operated in a prohibition town and country, took fire when a party of "drys" were celebrating the result of the recent election at Preston when the city voted to continue without saloons.

While the sale of liquor is forbidden by law at Preston, its manufacture is not, and the brewery is a large one. When the fire broke out "dry" volunteers fought valiantly beside the city fire department and so effective were their efforts that the blaze was extinguished without serious loss.

### Same Ring Used by Eight Brides

Warrensburg, Mo., June 19.—Frank Winchester Deering, of Columbia, Mo., and Miss Mary Martha Suddath were married at the home of the bride's parents, Colonel and Mrs. J. W. Bishop Partridge of the Episcopal diocese of Kansas City officiating.

Bishop Partridge used the full ring Episcopal ceremony and the ring used was a gold band which had been used by seven maternal ancestors of the bride at their wedding ceremonies.

# GETTING RESULTS STILL FROM LAST EXHIBIT IN B.C.

Products Shown at New Westminster in 1910 Prove Strong Magnet.

## TO BE REPRESENTED AGAIN THIS AUTUMN

Expected That Whole District Will Combine for San Diego Fair.

The other day a man walked into the office of George M. Hall, the city's industrial commissioner, to enquire about locations for mixed farming in the Edmonton district.

He had heard of Edmonton and been struck with the possibilities here four years ago at the British Columbia provincial exhibition at New Westminster.

That was the last year that the Edmonton district has had an exhibit of agricultural products at that fair, but there will be an exhibit this fall, when the fair will be held from September 29 to October 3.

J. L. Porte, agricultural assistant to the commissioner, said today that this was only one case in which people who eventually located in this district were led to do so by the exhibit at the B. C. fair.

The fair people have written to Mr. Hall and stated that it would surprise Edmonton people to know how many enquiries have been made during the past three years by people about Edmonton and Strathcona, which always sent two of the most attractive exhibits.

They also say that they will be again be glad to receive an exhibit from this district and glad to have Mr. Porte with them, as he was "always one of the leading factors in the success of the fair."

Mr. Hall states that negotiations are now under way for all the towns of central Alberta to combine and make an exhibit both at the New Westminster fair and at the Panama-California exhibition, which opens at San Diego, Cal., on January 1, 1915, and runs all through the year.

The province of Alberta will have a big exhibit at the Panama-Pacific exposition at San Francisco, which opens in May, and it is figured that if the Edmonton district sends an exhibit to San Diego the whole field will be covered and the maximum amount of publicity will be attained at the minimum cost.

The same exhibit could be taken from New Westminster direct to San Diego. Mr. Porte will probably be in charge of the exhibits at both places.

## WARRANTS ISSUED FOR THE ARREST OF THREE BAIL JUMPERS

The matter of handing over bail into court was apparently only another way of being relieved of a term and gaining freedom, to three parties whose names were called in police court this morning, but failed to make reply.

The first was Roscie Lane, colored. He was to have appeared on a charge of frequenting a disorderly house, and possibly a more serious charge, but by reason of his absence this morning his case could not be heard. His partner in the barber business, a Mr. Hunt, had put up bail of $100, and, as a result, he is a loser to that amount, and a bench warrant has been issued for the arrest of Lane.

The other cases were those of Eva and Eugene Linder, whom their counsel thought were not to be called till this afternoon. This morning was the date set, however, and Magistrate Massie, after allowing just an hour and a half for the accused to make their appearance, was forced to estreat their bail of $50 each, and issue warrants for their arrest. They are charged with keeping a disorderly house.

## COUPLE WED AT FOOT OF MOUNTAIN CROSS

Riverside, Cal., June 19.—As the sun shot his first rays athwart the San Bernardino peaks to the eastward, a young man and woman stood at the foot of the Father Junipero Serra Cross on Mount Rubidoux in this city and repeated the words that made them man and wife.

Students from China are studying forestry in the Philippines.

## IN THE PARLOR CAR

Railway and Shipping News

One of the boats which the Northern Navigation company has put on the run between the ports at the head of the lakes and Sarnia for this season is the Noronic—a magnificent modern vessel, as large as many of the ocean liners, and larger than most of those of a decade ago. The Northern Navigation company is virtually a subsidiary of the Grand Trunk and Grand Trunk Pacific and its line of boats on Lakes Superior and Huron connects with the trains of both lines. No. 4, leaving Edmonton at 6 p.m. Mondays, Wednesdays and Fridays, makes direct connections at Fort William, with ships sailing Wednesdays, Fridays and Sundays.

The Noronic, which recently made her inaugural trip, carrying a large number of newspaper men and others from all parts of the east and middle west, is nearly 400 feet long. She has six decks and her total bulk at a close view seems prodigious. However, she is built upon the most graceful lines, and is, withal, powerful and large.

The physical contours of the ship's interior are full of charm. There is a magnificent dining room seating 278 people, running all the length of the boat, beautifully appointed. Off the dining room is a large and impressive salon, decorated in subdued effects; there are winding stairways; and cosy niches when you get to the bottom; and smoking rooms; and lounge rooms and writing rooms; and drawing rooms; and pretty little parlors which you shall come across unexpectedly, and where small groups can meet and talk. Each has its own individuality and charm; and that, perhaps, is the right word in which to say it all—charm.

And the great boat is virtually unsinkable. She has watertight compartments and double bottom, while the wireless is overhead.

On the inaugural trip a dance was held, commencing at midnight, with never even a slow-down till the cold grey dawn of the morning after. Railway officials and others made happy little speeches, among them Senator Casgrain, who said, "And let no man say now that we can't build ships in Canada." The Noronic is a Canadian enterprise, "built, owner and operated in Canada."

July 1 having been declared "Maple Products Day," the Grand Trunk and Grand Trunk Pacific railways, by arrangement with the government of the province of Quebec, will distribute samples of maple sugar on all their dining cars on that day. A special display of maple products will also be made at the Chateau Laurier, Ottawa, the Fort Garry, Winnipeg, and other Grand Trunk hotels. The maple sugar will be presented in white boxes embossed in gold with the well known Grand Trunk badge, the arms of the Quebec government and the maple leaf. The boxes will be inscribed: "In the interest of More and Better Maple Products in the Province of Quebec." A booklet prepared by the provincial authorities will describe the various processes through which the maple products pass on the way from the tree to the table.

Steamer arrivals are reported as follows:

New York, Pennsylvania, Hamburg; Oceanic, Plume.

Queenstown—Adriatic, New York.

Liverpool — Victorian, Montreal; Franconia, Boston; Haverford, Philadelphia.

Southampton—Koenigin Luise, Baltimore.

Rotterdam—Principello, New York.

Naples—Ultonia, New York.

Dublin—Bengore Head, Montreal.

Halifax—Seneca, from the sea.

Quebec—Montford, London; Serana, Barbadoes; Burafield, New York; British Transport, Boston.

Montreal—Santaren, Barbadoes; Alfered Noble, New York.

The Allan line steamship Corsican has been reported 220 miles east of Cape Race. It is due at Quebec Sunday midnight and at Montreal Monday morning. The Canadian is due at Quebec this afternoon.

A special Grand Trunk Pacific train leaves Edmonton today with 200 members of the Edmonton Advertising club en route for Toronto, where the International Advertising clubs are to hold a big convention beginning June 21. The Edmonton club is very much alive, and will give a good account of Alberta to the folk in the east. The Grand Trunk Pacific, as this special train shows, is equipped for business, and is entering upon its duties as a great factor in western life and prosperity and outlook and condition, though the business it is now able to do is only an earnest of the volume it hopes to do when the line is completed through to Prince Rupert, and the schedule is a thorough one—Montreal Gazette, June 13.

J. F. Philp, G.T.P. city ticket agent, returned last night from the east, after helping to pilot the 200 Edmonton Ad. Club members—excursionists as far as Minneapolis and St. Paul. Mr. Philp reports that they had a fine time at Winnipeg and the Twin cities. The train of thirteen big, heavy cars was Winnipeg on schedule time without a hitch and Sunday morning the two diners breakfasted 212 passengers in 2¼ hours.

J. C. Lay, general manager of the Air Line Transportation company, which is running a line of fast passenger boats on Lesser Slave Lake, left the city for the north this morning. He expects to go as far as Dunvegan, which, it is thought, will be the headquarters for the line of boats the company will operate on the Peace next year.

### Tugs Reflaat Yacht

Weymouth, England, June 19.—Tugs succeeded in refloating, this morning, the American Yacht Utowana, belonging to Allison V. Armour, of the New York Yacht club, which went ashore yesterday at Chapman's pool between Warbow and St. Albaners head.

## TAX REFORM BECOMING POPULAR IN EASTERN CANADA.

One of the most favored brands of advice which some eastern journals have been in the habit of handing out, gratis, to the west, is information as to how "single tax" was hurting municipalities which had ventured to take some steps in the direction of the adoption of that doctrine. In many cases those same journals were the most loud-mouthed in proclaiming the west as a haven for real estate and other kinds of speculators. The writers apparently never saw their astounding inconsistency, as everybody who knows anything about the taxation of land values knows that that system is the only effectual check on undue speculation and the only effectual stimulant to production.

What these journals and other givers of advice and dispensers of information are pleased to call the single tax, however, has been growing of late in popularity, even in eastern Canada, that those who would take unto themselves the positions of advisors are fast beginning to learn that the time has gone by when their arguments took effect. Now the people of the west, whether it be Liberal Saskatchewan and Alberta or Tory British Columbia, do not seem at all in a frame of mind necessary to revise their opinions on this matter. This is especially true with the farmers of the west, among the economically intelligent portion of whom it is safe to say that the Unearned Increment Tax act passed at the last session of the Alberta legislature is one of the most popular pieces of law ever enacted.

Indications, moreover, are that any easterners who are interested in fighting tax reform will have all they can do in their own back yards from now on, anyway. Some of the eastern journals of more advanced thought, both in the liberal and conservative camps, in Ontario especially, have shown a most distressing disregard for those in the east who were opposed to single tax in the west, and have actually had the effrontery to advocate a measure of the doctrine in the east itself.

The arguments being used against tax reform in Ontario are similar to those used everywhere else. Its opponents are, of course, very solicitous about the cause of the workingmen and the farmer, but have so far failed to point out how either can lose anything by the public's taking a little of the wealth which itself created, instead of allowing all of it to go into the pockets of speculators who are non-producers, as speculators, whether they reside in the place where the wealth is created or not.

Among the conservative papers in Ontario which are heartily in favor of tax reform is the Ottawa Citizen. Ottawa, like other places, feels the need of certain public improvements, but has not the means in revenue of making them. Yet, during the past five years the value of the bare land within the corporate limits of Ottawa has shown an annual increase of nearly 5,000,000. To any one who might ask why Ottawa's civic revenues have not increased in the same ratio the Citizen replies:

"Simply because our antiquated system of taxation makes it necessary that for every dollar of this land value—this value created by public services and the increase of population, and which therefore naturally belongs to the city and should be taken to defray the cost of those services—for every dollar the city takes of this value it is compelled to take a dollar and a half or two dollars belonging to private individuals, to penalize with taxation every citizen who engages in any useful occupation, earns an income, or occupies a house."

In other words, the system is so inherently unjust that its injustice would only be increased by giving it wider scope. And still there are some in Edmonton who would retrace the steps already taken in Alberta toward tax reform!

## THE RECORD BORROWERS.

In the past ten months the Borden Government has borrowed no less than $92,500,000. Almost $100,000,000 have been added to the liabilities of Canada in less than a year! It is a staggering record, a startling commentary upon the methods and the extravagance and the waste characterizing the administration of the premier and his colleagues.

In September, 1913, a loan of four million pounds was made in London by Hon. W. T. White. Three months later, another loan of four and a half million pounds was floated. In February, 1914, Mr. White made a third loan of five million pounds, and now this greatest of modern borrowers puts the country in debt for still another five million pounds. All in all, then, between September, 1913, and June, 1914, the government has borrowed eighteen million five hundred thousand pounds, or practically $92,500,000.

Inevitably, such enormous borrowings have affected Canada's credit in the money markets of the world. The February loan was not well received in London, while the London Times in its issue of June 5th, declares that Mr. White's latest prise of finance has been "received with positive disfavor." It is to be noted, moreover, that the June loan has been made on less favorable terms than even the February borrowing. Canada's credit is suffering because of the extravagance and recklessness of the government and the finance minister—a condition that would be bad enough at any time but is especially serious at this period of financial depression and hard times in the Dominion, when nothing should be done which renders it more difficult than it otherwise would be to obtain capital for Canadian enterprises. Canadian provinces, Canadian municipalities, Canadian private undertakings will suffer because Canada's credit has been damaged through the course of the federal ministry, and directly or indirectly, sooner or later, every Canadian citizen will suffer.

Last year, the government added some $19,000,000 to the debt of the Dominion. This year, by bond guarantees for railways, it has increased the country's liabilities by over $60,000,000. In less than a year, it has increased the borrowings of the nation by upwards of $100,000,000. Upon this huge sum, Canadians must pay interest for years to come while the principal, of course, must also be repaid eventually out of the public treasury. These conditions are part of the price which Canada is paying for Borden rule.

## THE BULLETIN'S PYRAMID OF SMUT.

That that illustrious beacon of self-righteousness and blackmail, the Edmonton Bulletin, is not averse to the publication of downright lies in its news columns when the same are considered necessary in order to establish its point is now made evident by no less an authority that than of Ex-Chief Carpenter in his testimony given in the judicial investigation into police affairs.

At the time of Chief Carpenter's removal the Bulletin was loud in its declamation against aldermanic interference with the police affairs, and it published an interview alleged to have been given by the ex-chief upon the occasion of his summary ejectment in which that worthy was made to state that trouble could not be eliminated so long as there was interference in the affairs of this department by the aldermen.

Now comes the ex-chief under oath to say that he never gave any such interview to any one and that the interview was pure fake, the figment of the diseased imagination of the reporter. Possibly the story was the brain child of the same bright young man in the Bulletin's galaxy of noble minded youths whom another police officer swore demanded $25 from a prostitute as the price of keeping the story of her infamy out of the great family journal. And quite possibly there could be traced to somewhat the same source the dynamic which set in motion the imagination of that other member of the underworld who swore that he was going to get the two hundred dollars he demanded from a fellow disreputable "straight to Massie."

The Bulletin is surely to be congratulated upon its enterprize in having gathered together a staff which revels in its familiarity with licentiousness, lewdness and a general disgusting intimacy with the red light districts. Possibly no other paper in the dominion could claim the achievement of having piled up around its own quarters such a pyramid of smut.

# EIGHT DRINKING FOUNTAINS TO BE PLACED IN CITY

### Commissioner Booth of Safety and Health Department Makes Announcement.

### TO BE DISTRIBUTED IN STREETS AND PARKS

### Long Felt Public Need for Citizens is to be Filled Without Delay.

Eight new sanitary drinking fountains distributed in different parts of the city, are about to fill a long felt public need. Commissioner Booth, of the Safety and Health department, informed The Capital representative today that orders had been given to install the above number of fountains at once. They are now on hand in the city stores.

After a consultation with the local branch of the Humane Society and the Parks Board, it is likely that they will be place ' at the following points:

Victoria Park; East End Park; 116th street (Alberta and 95th) (Kirkness); 104th street (Main) and 82nd (Whyte) on the south side; 109th street and Jasper; Jasper and 97th street (Namayo); south-east corner 101st street and Jasper, and Norwood Boulevard and 97th (Namayo).

These fountains are the same as the one at present situated in front of the post office. They are of the combination type, with a receptacle for a dog to drink from at their base. It is pointed out by Commissioner Booth that there can be no objection made as to them forming an obstruction on the streets, owing to the fact that, unlike those for horses, they take up practically little if any space.

## SAYS CROPS ARE AHEAD LAST SEASON; BETTER THAN IN MANY YEARS

Winnipeg, June 19.—"I have just returned from an extensive tour of the western prairie provinces, reaching into districts far removed from travel," said J. Bruce Walker, commissioner of immigration yesterday. "I went through southern Saskatchewan and Alberta, and find that with the more than copious rains during the latter part of last week, there is every reason to believe the crop prospects today are better than they were at this season last year, or even for many years. Wheat is looking unusually well, roots are strong and healthy, and the plant growing up with amazing rapidity.

"The general impression of the crop situation in the west is very gratifying," concluded Mr. Walker.

Japanese are emigrating to the coffee plantations of Brazil.

A $3,000,000 telephone cable will connect England and Holland.

HELP THE GIRLS!

# BAND OF BRIGANDS CAUSES MUCH LOSS OF LIFE IN CHINA

### One Town Alone is Said to Have Lost Ten Thousand Inhabitants.

### GOVERNMENT TROOPS PROVE INEFFECTIVE

### Plots Against Government in South Being Vigorously Suppressed.

Peking, June 19.—On a telegraphic request from the Lan Chow missionaries, the American legation today asked the Chinese foreign office to give the missionaries in Southern Kan Su protection from the notorious bandit "White Wolf." Great alarm has been created by the burning and plundering of several missions by the brigands. In one instance a demand was made for the surrender of the women of the mission, but they succeeded in escaping, with the assistance of native Christians, to the forest until the brigands had departed.

An expedition sent out by the Standard Oil company for the drilling of oil fields, has been detained for several weeks and is still unable to proceed from Shen Si, because the brigands under "White Wolf" continue their wholesale devastation.

The government troops are unable or unwilling to surround them.

It is reported that the single town of Chao Tau has lost 10,000 inhabitants, who were shot or burned or committed suicide to escape the clutches of the bandits This outbreak is believed to have no political significance. Meanwhile the plots against the government, which are being discovered frequently along the Yang Tse Kiang and in the south are being suppressed vigorously

## NUMBER OF STRIKES IN CANADA SHOWS GREAT FALLING OFF

Ottawa, June 19.—Statistics in regard to industrial disputes in Canada, prepared by the labor department, show that there is much less labor strife and far fewer strikes throughout the dominion at the present time than at any time during the past few years. Altogether there are only 18 disputes between employees and employers now known to be existing by the labor department, while the number of men affected is considerably less than it was a year ago. The only big strike in Canada still unsettled, is the one in the coal mines in Vancouver Island, which has now been hanging on for nearly two years and which has involved an industrial loss of at least half a million dollars.

A moving picture camera and a microscope will be used in Sheffield, England to show the crystaline changes that take place during the pulling of a piece of metal,

## The Adventures of Kathlyn

By Harold MacGrath.

SYNOPSIS OF PREVIOUS CHAPTERS.

Kathlyn Hare, believing her father, Col. Hare, in peril, has summoned her, leaves her home in California to go to him in Alaska, India. Umballah, pretender to the throne of that principality, has imprisoned the colonel, named by the late king as his heir, because he fears the American may insist on his royal rights. Upon her arrival in Allaha Kathlyn is informed by Umballah that her father is dead and that she is the queen. An elaborate durbar is arranged, the central figure of which is Kathlyn, protesting and grief (stricken. When the crown is placed upon her head Umballah announces that she is to be married to him forthwith. Her refusal infuriates him, but as Kathlyn's beauty and spirit have made a strong appeal to the people he yields the point for the time being. A priest announces that no woman may rule unmarried, but because the young queen is not conversant with the laws of the state she will be given seven days to decide.

When Kathlyn reiterates, at the expiration of the week of grace, her refusal to marry Umballah she receives sentence from the supreme tribunal that she is to undergo two ordeals with wild beasts. If she survives she is to be permitted to rule without hindrance.

Through the pluck and resourcefulness of John Bruce, an American and fellow passenger on the boat which brought Kathlyn to Allaha, and who has come to her assistance, she escapes unharmed from the two ordeals. With Bruce she flees from Allaha. The elephant which carries her becomes frightened and runs away, separating her from Bruce and the rest of the party.

After a ride filled with peril she takes refuge in a ruined temple. The holy men and villagers, believing her to be an ancient priestess risen from the tomb, allow her to remain as the guardian of the sacred fire. But Kathlyn's haven is also the abode of a lion, and she is forced to flee from it with the savage beast in pursuit. She escapes and finds a retreat in the jungle, only to fall into the hands of a band of slave traders, who bring her to Allaha to the public mart. She is sold to Umballah, who, finding her still unsubmissive, throws her into the dungeon with her father.

Bruce and his friends effect the release of Kathlyn and the colonel. Umballah's attempt to recapture them is unsuccessful, and the fugitives are given shelter in the palace of Bala Khan. The same night the sacred white elephant, the Khan's most prized possession, is stolen.

Supplied with camels and servants by that hospitable prince, they start on their journey to the coast. The party is overpowered and taken in custody by brigands. The leader, recognizing the colonel, dispatches Ramahai and Pundita to Alaha for ransom for the white king, his daughter and Bruce. Umballah journeys to the lair of the bandits. The colonel is delivered to him and he orders that Kathlyn and Bruce be killed.

(Copyright, 1914, by Harold MacGrath.)

CHAPTER XIV.—Continued.

Upon the throne sat Col. Hare, gorgeously attired, but cold and stern of visage, prepared to play his part in this unutterable buffoonery. Near by stood Durga Ram, so called Umballah smiling. It was going to be very simple; once yonder stubborn white fool was wedded, he should be made to disappear; and there should be another wedding, in which he, Durga Ram, should take the part of the bridegroom. Then for the treasury flight, and, later, ease abroad. Let the filigree basket of gems stay where it was; there were millions in the treasury, the accumulated hoardings of many decades.

The council and high priests also wore their state robes, and behind them were officers and other dignitaries.

There was a stir as Ramahai entered with the veiled candidates. The colonel in vain tried to hide his interest and anxiety. Kathlyn was there, somewhere, among these low-towing women; but there was nothing by which he could recognize her. As the women spread about the throne, Ramahai signified to the musicians to cease.

Silence.

Then Ramahai brought candidate after candidate close to the colonel, so that he alone might see the face behind the veil. At each uplifting of the veil the colonel shook his head. A dark frown began to settle over Umballah's face. If the colonel refused the last candidate for nuptial honors, he should die. But as Ramahai lifted the veil of this last woman the colonel nodded sharply, and Kathlyn, for a brief space, gazed into her father's eyes. The same thought occurred to both: what a horrible mockery it all was, and where would it lead finally?

"Take care!" whispered Kathlyn, as she saw her father's fingers move nervously with suppressed longing to reach out and touch her.

The spectators of this little drama, which was hidden from them, evinced their approval by a murmuring which had something like applause in it. A queen was chosen! A real queen at last had been chosen. Ramahai had accomplished by diplomacy what yonder Durga Ram had failed to do so by force. But Umballah secretly smiled as he sensed this undercurrent. Presently they should see.

The colonel extended his hand and drew Kathlyn up beside him; and now for a moment the whole affair trembled in the balance: Kathlyn herself felt possessed with a wild desire to laugh.

The chain of gold, representing the betrothal, was now ordered brought from the treasury.

The populace, outside the palace, having been acquainted with what was taking place, burst out into cheers.

The treasure room, guarded by leopards in charge of incorruptible keepers, was now approached by Umballah and his captain of the guard. Umballah presented his order on the treasury. The leopards were driven into their cages, and the magic door swung open. The two gasped for breath; for Umballah had never before looked within. Everywhere gold and gems; fabulous riches, enough to make a man ten times a king.

"Highness," whispered the captain, "there is enough riches here to purchase the whole of Hindi"

FASHIONS AND FANCIES

## THE GAY WORLD.

Mrs. Adam Gray leaves on Saturday for the east sailing next week for Scotland.

* * *

Mrs. R. W. Jones and two children have returned from Fort George.

* * *

Mrs. James Reynolds of Toronto is visiting Mr. and Mrs. Ernest Reynolds, Twenty-fifth street.

* * *

Mr. and Mrs. Wallbridge of Kingston, Ont., who have been the guests of Mr. and Mrs. Wallbridge, 124th street, have gone to Banff.

* * *

Hon. Wilfrid Gariepy, K.C., minister of municipal affairs for Alberta, and Mrs. Gariepy went to Prince Albert, to attend the French speaking congress. Mr. Gariepy is the delegate from the French speaking society of Alberta.

* * *

Mrs. Frank Oliver was hostess yesterday of a luncheon party at the Country club, when her guests were Mrs. R. L. Borden, Mrs. Rodolphe Lemieux, Lady Egan, Mrs. C. A. E. Harris, Mrs. F. A. Anglin.

—Montreal Gazette.

* * *

Ex-Mayor Armstrong and Mrs. Armstrong are visiting in Calgary.

* * *

Mr. Garfitt returns to his ranch at Millett on Saturday.

* * *

**Weddings**

On Wednesday, June 17, in the First Baptist church, Rev. Mr. Lewis united in marriage, Miss May Frances Fateman and Mr. Harry Osborne Reichelt.

* * *

In McDougall Methodist church, Wednesday evening, June 17, the marriage of Miss Mattie Wilkinson to Rev. Radcliffe Clegg, took place. Rev. W. A. McNiven officiating.

* * *

The marriage of Miss May Watson to Mr. Reginald William White was solemnized on Wednesday in McDougall Methodist church. Rev. W. A. McNiven officiated.

* * *

On Wednesday evening, June 17, Rev. G. D. Armstrong united in marriage, Miss Anelta Draper of Ashmont, Alberta, to Mr. Harold Thomas Bonnell.

## DO YOU KNOW

That Buenos Ayres mothers have organized a child welfare movement.

* * *

That 1880 skirts are getting more and more popular in Paris.

* * *

That watermelon pink was a favorite shade at country club races in New York this week.

* * *

That among the new nightgowns are dotted swisses, made Empire style.

* * *

That when jet is combined with a bead which harmonizes with the gown worn it forms a necklace which is in no way sedate but is decidedly chic and becoming.

* * *

That she who depends on dress alone is like a soldier armed for the battle with no ammunition.

* * *

That ostrich feathers are being revived as hair ornaments; it is not considered at all the thing to wear the osprey or the aigrette.

* * *

That it is predicted that women may control the elections in Arizona hereafter as the registration rolls show they are enrolling in greater numbers than the men.

* * *

That the general diaphanous trend of modern fashions has made itself felt in wedding styles as well as other styles, with the result that good form now permits the neck to be bare, back and front, in a V shape.

* * *

That the truly broad mind is always willing to be informed and never hesitates to say, "I don't know," whereas vanity shows itself in trying to cover ignorance with a pretence of knowledge.

* * *

That long strands of pearls is a time-worn fashion which has been generally adopted this season for brides, for there is something about their warm whiteness which takes away from the dead pallor of many of the bridal outfits.

## FOR THE HOUSEKEEPER

Fumigating with sulphur will kill water bugs.

There is nothing better for cleaning velvet than dry salt.

Limewater and sweet oil, well mixed in equal quantities, is a very good remedy for a burn.

A new broom will last longer if the strands are tied closely together, then the broom put into a pail of boiling water and soaked for two hours.

If grease is spilled on the kitchen floor, scatter soda on it and then pour on boiling water. The spot will come out easily.

To relieve earache, wring a flannel out of hot witch hazel and lay over the ear. Then lay a small hot water bottle over that to keep the flannel steaming and it will soon relieve the pain.

There is no simpler way of removing grass stains from the white canvas slippers or shoes than to rub the offending spots with a cloth or brush moistened with spirits of camphor.

To remove fingermarks from furniture, rub with kerosene oil, then with a cloth wrung out of very hot water and polish with another dry cloth.

White shellac dissolved in alcohol to the consistency of molasses makes a good cement for cut glass, etc. Half an ounce of isinglass dissolved in an ounce of alcohol and a tablespoonful of water is also a good adhesive.

To bleach yellow flannel, dissolve one ounce of powdered ammonia and one ounce of salt in two quarts of water and soak the flannel in this for two hours.

One drop of mustard put into 1 teaspoonful of vaseline makes a good remedy for aching bones or sore muscles.

A baked apple is the most easily digested of any way of serving apples. If a bit of butter is placed on top of each apple before it is put in the oven, the flavor will be much improved.

## WHAT EQUAL SUFFRAGE HAS ACCOMPLISHED

It does not take as much courage to advocate equal suffrage now as it must have done 50 years ago. It has passed the experimental stage, is accepted in some parts of the world as a matter of course, and it is difficult to select from the mass of reassuring testimony and experience, a few best things, for a brief paper such as this.

The Australian States, federated in 1902 much as the provinces of Canada are federated, incorporated equal franchise in the articles of federation. It was already in vogue in several of the states, and was speedily adopted in all. In 1910, after eight years' trial, both houses of parliament passed a triple resolution commending the principle for what it had accomplished in the country, declaring that the dire prophecies launched against it had not been fulfilled, and recommending its adoption in all self-governing countries.

The percentage of registered women who vote, in Australia, is only a little lower than the percentage of men, and there is a steady increase in the percentage of both.

Women in Australia are not holding many offices, nor are they in parliament, although they are eligible.

A careful comparison of the legislation passed in the Scandinavian countries where women vote, in Australia and New Zealand, and in the ten American states which have equal suffrage, shows that the things for which women have stood have been similar everywhere.

Laws for the better protection of women and children lead the way. Laws for the safeguarding of lives of the workers in industrial pursuits. Laws concerning public health and sanitation, education, parks and playgrounds, child labor, charities and correction. In all of these matters woman's voice is needed. As one writer says: "The state, with woman disfranchised, is a semi-orphan. It has fathers, but no mothers."

A remarkable instance of the justice of the legislation in an equal suffrage state is found in Wyoming where, if a drunken man is injured, or injures others, an action for damages may be brought by his wife against the keeper of the saloon where he became intoxicated.

Personal testimony under signature is always telling. Hon. Joseph N. Carey, of Wyoming, where equal suffrage has been in force for 45 years, says this: Woman suffrage in Wyoming has been in every respect as successful as man suffrage. It has put equality laws upon the statute books. It has not debased woman socially, morally or politically. She has not neglected her home duties. It has not caused trouble for husbands or children. It has opened the same opportunities for women to make a living that are accorded to men.

It is accepted here as a matter of course, and I know of none who would take the right of suffrage from women if it were in his power to do so."

Hon. Hiram W. Johnson, Governor of California, says: "There is every reason to regard equal suffrage as having justified itself in California. The women have proved themselves a great force for good government. Their understanding of politics is surprisingly keen. On every occasion when they have thus far exercised the franchise they have proved themselves intelligent voters. In several particular instances the women have waged battles in this state in behalf of decency and good government that challenge the highest regard for them as voters."

Hon. Geo. W. P. Hunt, Governor of Arizona, an equal franchise state says: "None of the alleged 'evils' of equal suffrage, so frequently proclaimed by its opponents, have so far been apparent in Arizona."

Hon. Wm. E. Borah, United States Senator from Idaho says: "The presence of woman in politics, armed with the power to enforce her demands, has been substantially for the benefit of society."

Hon. John F. Shafroth, United States senator from Colorado, says: "The influence of woman has always been for good, both in conventions and elections. Let a man of immoral character become a candidate for office in my state and his chances of nomination are very slight. Woman is not a seeker after office. She is an independent element in politics. Therefore when she casts her vote she votes for the candidate whom she thinks is best qualified to fill the position."

Judge Ben B. Lindsey, judge of the Denver juvenile court, says: "So long as we have forced women into economic competition with men, taking their part in the business and industrial world, it is not only unjust but little short of a crime to deny them the same rights as men to participate in the government under which they live."

**How to Store Winter Clothes**

The prime requisites in putting away winter clothes are: thorough brushing and cleaning; exposure to the air and bright sunlight for several hours; and tightly closing the bags in which they are placed.

Sunshine is one of the best disinfectants known; direct sunlight has caused the death of many a germ and moth egg. If the clothes are well brushed and cleaned, with due attention to pockets and seams, then well exposed to light sunlight, and tied up tightly in cotton bags, you may feel safe about them until the cold days bring them out again.

Cedar chips may be put in the bags, but this is not necessary. Newspapers or tar paper may be used instead of cotton bags, but care must be taken to have the packages tightly sealed. Moth balls are undoubtedly effective, but the odor is disagreeable; camphor gum, too, is good, and not so disagreeable.

To the case of clothing that will be needed occasionally, it may be remembered that moths seldom touch clothes that are frequently disturbed.

## HAD INDIGESTION.

**Almost Despaired of Ever Getting Well.**

When your food has not been properly digested, your body has not received the benefit it should. The secretions of the gastric juice have been confined entirely to removing the unmasticated, undigested portions of food, which they cannot properly digest as speedily as possible from the body, therefore only giving the blood a small percentage of nourishment with which to feed the tissues. No wonder then that Indigestion and Dyspepsia attack the stomach. No medicine can surpass Burdock Blood Bitters as a cure for this particular disease. It regulates the bowels, promotes perfect digestion, makes pure blood, tones the stomach, and thus restores perfect health to the debilitated system.

Mrs. Mary MacKay, Hunter's Mountain, N.S., writes:—"I was troubled with Indigestion for more than ten years. I tried several Doctor's medicines claiming the power to cure, but all without success. Having heard of the many cures effected by Burdock Blood Bitters, I decided to give it a trial. After taking two bottles I was completely cured. My appetite which was very poor, is now good, and I can eat most everything without any disagreeable feelings. I can strongly recommend B.B.B. to anyone suffering from Indigestion."

## SENIOR CONCERT OF ALBERTA COLLEGE TO BE GIVEN TONIGHT

(c) Pupils of Miss Beatrice Crawford.
(d) Pupils of Miss Gertrude Trotter.
(e) Pupils of Mr. W. P. Hunt.
(f) Pupils of Mr. Tom Gardiner.

## TESTED RECIPES

**Pineapple Marmalade**

As the time to start replenishing the preserve closet is approaching this recipe may find favor:

Into a preserving kettle put seven coarsely grated pineapples, and the pulp from three lemons and seven sour oranges, rejecting the seeds. For each pint use three-quarters of a pint of granulated sugar and add a good pinch of salt. Stir the mixture thoroughly until the sugar melts, and cook slowly until it is as thick as peach marmalade. Then remove the marmalade from the fire and put it into jelly glasses. When cold cover with paraffine and put on the lids. Keep in a cool, dry place if possible.

This will be found an agreeable change from the old-fashioned sweet pineapple jam.

**Tea Cakes**

Cream one heaping tablespoon of butter with one cup of light brown sugar, beat in one egg, one cup of sour milk, into which stir one teaspoon of soda. One cup of raisins put into two cups of flour. Add milk and flour little at time, beat hard, put in muffin pans. Put chocolate marshmallow on top and bake 25 minutes in moderate oven.

**Codfish Toast**

Shred one cup of salt fish and soak over night. In the morning drain thoroughly. Put two cups of rich milk in double boiler, blend two tablespoons of flour with a little cold milk until perfectly smooth. Add to the milk in double boiler. Allow to cook 15 minutes.

**Visible 50 Miles Away.**

Redding, Cal., June 19—The eighth eruption of Mount Lassen since it became active on May 30, was distinctly visible here at noon yesterday, notwithstanding a thick haze that obscured the outlines of the mountain 50 miles away.

HELP THE GIRLS!

## FOLK DANCES AT EXHIBITION.

Manager Stark, of the Edmonton Exhibition, has added another attraction to his already considerable list of features for the big summer show to be put on at the exhibition grounds from August 10 to 16. The latest addition to the list of attractions offered patrons of the exhibition is a series of folk dances to be prepared and staged under the management of Mrs. M. W. James and performed by Edmonton school children.

Folk dances make a particularly graceful and attractive form of entertainment and children take to them as naturally as performers, as the grown-ups do as spectators. Originating chiefly in European countries, folk dances have been made a highly popular form of attraction at various functions in the United States, where experienced teachers have placed the merits of these dances before public gatherings with most satisfactory results. The engagement of Mrs. James to put on folk dances at the Edmonton exhibition will bring about the first appearance of folk dances in a large public exhibition in Western Canada so that the event will be novel as well as attractive.

Mrs. James is a thoroughly competent instructor of folk dancing, having taken her own instruction from one of the best physical instructors in the States, a graduate of the Sargent School of Physical Culture, at Harvard University. Mrs. James herself is an experienced instructor of physical culture and is the head of the Pembroke private school at Calgary.

The Public school board of Edmonton has been asked to give permission to use the assembly room of the McKay school for rehearsal purposes and to permit Mrs. James to visit the McKay and Oliver schools for the purpose of engaging a sufficient number of pupils to take part in the dances.

## REFLECTIONS OF EVE'S DAUGHTER

Evidently the poet did not have a rainy day in mind when he said "And what is so rare as a day in June."

There is no doubt in the minds of some women that men, looking for wives are not gazing in the right direction.

The happiest moment some women know is the one in which they discover some scandal about the woman they particularly detest.

What is so rare as a day when we feel exactly like working?

# BOUNDARIES OF NEW DOMINION CONSTITUENCIES IN ALBERTA FIXED BY REDISTRIBUTION ACT

The following is the complete text of the new redistribution bill as applied to Alberta:

There shall be in the province of Alberta 12 electoral districts, each of them to be represented by one member defined as follows:

**Battle River**

1. The electoral district of Battle river bounded as follows: Commencing at the intersection of the east boundary of the province of Alberta by the north boundary of the thirty-second townships; thence westerly along the said north boundary of the fifty-second townships to the meridian between the eleventh and twelfth ranges west of the fourth meridian; thence northerly along the said meridian between the eleventh and twelfth ranges west of the fourth meridian to the intersection of such meridian with the Battle river; thence along the said river down stream to the point of intersection thereof with the meridian between the tenth and eleventh ranges west of the fourth meridian; thence northerly along the said meridian between the tenth and eleventh ranges west of the fourth meridian to the north boundary of the fifty-second townships; thence easterly along the said north boundary of the fifty-second townships to the meridian between the ninth and tenth ranges west of the fourth meridian; thence northerly along the said meridian between the ninth and tenth ranges west of the fourth meridian to the north boundary of the sixty-ninth townships; thence easterly along the said north boundary of the sixty-ninth townships to the east boundary of the province of Alberta to the point of commencement.

**Bow River**

2. The electoral district of Bow river, bounded as follows: Commencing at the intersection of the meridian between the eleventh and twelfth ranges west of the fourth meridian by the north boundary of the fifty-second townships; thence northerly along the said meridian between the eleventh and twelfth ranges west of the fourth meridian to the north boundary of the thirty-fourth townships; thence westerly along the said north boundary of the thirty-fourth townships to the point of intersection thereof by the said meridian between the twenty-fourth and twenty-fifth ranges west of the fourth meridian; thence southerly along the said meridian between the twenty-fourth and twenty-fifth ranges west of the fourth meridian to the point of intersection with the Bow river; thence along the Bow river aforesaid upstream to the point of intersection thereof with the meridian between the twenty-fifth and twenty-sixth ranges west of the fourth meridian; thence southerly along the said meridian between the twenty-fifth and twenty-sixth ranges west of the fourth meridian to the north boundary of the eleventh townships; thence easterly along the said north boundary of the eleventh townships to the point of intersection thereof with the Bow river; thence along the Bow river aforesaid down stream to the point of intersection of such river with the meridian between the twenty-fourth and twenty-fifth ranges west of the fourth meridian; thence northerly along the said meridian between the twenty-fourth and twenty-fifth ranges west of the fourth meridian to the north boundary of the thirty-fourth townships; thence easterly along the said north boundary of the thirty-fourth townships to the meridian between the twenty-third and twenty-fourth ranges west of the fourth meridian; thence southerly along the said meridian between the twenty-third and twenty-fourth ranges west of the fourth meridian to the north boundary of the thirty-second townships; thence easterly along the said north boundary of the thirty-second townships to the meridian between the eighteenth and nineteenth ranges west of the fifth meridian; thence northerly along the said meridian between the eighteenth and nineteenth ranges west of the fifth meridian to the point of intersection thereof by the north boundary of the twenty-third townships to the intersection thereof with the west boundary of the province of Alberta; thence northerly along the said west boundary of the province of Alberta to the point of commencement.

**West Calgary**

3. The electoral district of East Calgary, bounded as follows: Commencing at the intersection of the meridian between the twenty-fourth and twenty-fifth ranges west of the fourth meridian with the north boundary of the thirty-fourth townships; thence westerly along the said north boundary of the thirty-fourth townships to the fifth meridian; thence southerly along the said fifth meridian to the north boundary of the twenty-fourth townships; thence westerly along the said north boundary of the twenty-fourth townships to the meridian between the first and second ranges west of the fifth meridian; thence southerly along the said meridian between the first and second ranges west of the fifth meridian to the intersection thereof with the main line of the Canadian Pacific Railway company; thence easterly along the said main line of the Canadian Pacific company to the intersection of such main line of railway with the Bow river; thence along the Bow river aforesaid down stream to the point of intersection of such river with the meridian between the twenty-fourth and twenty-fifth ranges west of the fourth meridian; thence northerly along the said meridian between the twenty-fourth and twenty-fifth ranges west of the fourth meridian to the north boundary of the thirty-fourth townships, being the point of commencement.

**West Calgary**

4. The electoral district of West Calgary, bounded as follows: Commencing at the intersection of the north boundary of the twenty-third townships with the west boundary of the province of Alberta; thence northerly and westerly along the boundary of the province of Alberta to the intersection of such boundary by the north boundary of the thirty-first townships; thence easterly along the said north boundary of the thirty-first townships to the meridian between the fifth and sixth ranges west of the fifth meridian; thence southerly along the said meridian between the fifth and sixth ranges west of the fifth meridian to the intersection of such meridian by the north boundary of the twenty-fourth townships; thence westerly along the said north boundary of the twenty-fourth townships to the intersection of such north boundary by the meridian between the first and second ranges west of the fifth meridian; thence southerly along the said meridian between the first and second ranges west of the fifth meridian to the intersection thereof by the main line of the Canadian Pacific Railway company; thence easterly along the said main line of the Canadian Pacific Railway company to the intersection of such main line of railway with the Bow river; thence along the Bow river aforesaid down stream to the intersection thereof with the west boundary of section thirty-six in township twenty-three, range one, west of the fifth meridian; thence northerly along the said west boundary of section thirty-six in township twenty-three, range one, west of the fifth meridian to the intersection thereof by the north boundary of the twenty-third townships to the intersection thereof with the west boundary of the province of Alberta, being the point of commencement.

**East Edmonton**

5. The electoral district of East Edmonton, bounded as follows: Commencing at the intersection of First street, in the city of Edmonton, as the said street is shown in the registered plans of the said city, with the north bank of the North Saskatchewan river; thence northerly along First street aforesaid to Algonquin avenue as such avenue is shown on the registered plans of the said city, being the north boundary of the said city of Edmonton, as the city is at present bounded; thence westerly along Algonquin avenue aforesaid to the meridian between the twenty-fourth and twenty-fifth ranges west of the fourth meridian; thence northerly along the said meridian between the twenty-fourth and twenty-fifth ranges west of the fourth meridian to the north boundary of the province of Alberta; thence westerly along the north boundary of the province of Alberta; thence southerly along the west boundary of the province of Alberta to the intersection thereof with the north boundary of the forty-first townships; thence easterly along the said north boundary of the forty-first townships to the meridian between the eighteenth and nineteenth ranges west of the fifth meridian to the intersection thereof by the north boundary of the twenty-third townships to the intersection thereof with the west boundary of the province of Alberta, being the point of commencement.

**Lethbridge**

7. The electoral district of Lethbridge, bounded as follows:—Commencing at the south boundary of the province of Alberta where it is intersected by the east shore of the Waterton lakes; thence in a northerly and easterly direction along the east and south shores of the said Waterton lakes to the meridian between the eighteenth and nineteenth ranges west of the fifth meridian; thence northerly along the said meridian between the eighteenth and nineteenth ranges west of the fifth meridian to the north boundary of the twenty-third townships; thence westerly along the said north boundary of the twenty-third townships to the meridian between the twenty-ninth and thirtieth ranges west of the fourth meridian; thence northerly along the said meridian between the twenty-ninth and thirtieth ranges west of the fourth meridian to the north boundary of the second townships; thence easterly along the said north boundary of the second townships to the meridian between the twenty-seventh and twenty-eighth ranges west of the fourth meridian; thence northerly along the said meridian between the twenty-seventh and twenty-eighth ranges west of the fourth meridian to the south boundary of the Blood Indian reserve; thence easterly along the said south boundary of the Blood Indian reserve to the St. Mary river; thence along the said St. Mary river down stream to the Belly river; thence along the Belly river up stream to the meridian between the twenty-second and twenty-third ranges, west of the fourth meridian; thence northerly along the said meridian between the twenty-second and twenty-third ranges, west of the fourth meridian to the north boundary of the eleventh townships; thence westerly along the said north boundary of the eleventh townships to the intersection thereof with the meridian between the twenty-fifth and twenty-sixth ranges, west of the fourth meridian; thence northerly along the said meridian between the twenty-sixth ranges west of the fourth meridian; thence northerly along the said meridian between the twenty-fifth and twenty-sixth ranges west of the fourth meridian to the north boundary of the thirty-first townships; thence easterly along the said north boundary of the thirty-first townships to the meridian between the twenty-fourth and twenty-fifth ranges west of the fourth meridian; thence northerly along the said meridian between the twenty-fourth and twenty-fifth ranges west of the fourth meridian to the north boundary of the thirty-second townships; thence easterly along the said north boundary of the thirty-second townships to the meridian between the twenty-third and twenty-fourth ranges west of the fourth meridian; thence southerly along the said meridian between the twenty-third and twenty-fourth ranges west of the fourth meridian to the north boundary of the twenty-third townships; thence easterly along the said north boundary of the twenty-third townships to the meridian between the eighteenth and nineteenth ranges west of the fifth meridian; thence northerly along the said meridian between the eighteenth and nineteenth ranges west of the fifth meridian to the north boundary of the province of Alberta; thence westerly along the north boundary of the province of Alberta to the point of commencement.

**Medicine Hat**

9. The electoral district of Medicine Hat, bounded as follows: commencing at the south boundary of the province of Alberta, where it is intersected by the meridian between the tenth and eleventh ranges, west of the fourth meridian; thence northerly along the said meridian between the tenth and eleventh ranges west of the fourth meridian to the intersection thereof by the Battle river; thence along the Battle river up stream to the intersection thereof by the meridian between the eleventh and twelfth ranges west of the fourth meridian; thence southerly along the said meridian between the eleventh and twelfth ranges, west of the fourth meridian, to the intersection thereof with the north boundary of the province of Alberta; thence westerly along the said north boundary of the province of Alberta to the intersection thereof with the west boundary of the province of Alberta; thence southerly along the west boundary of the province of Alberta to the intersection thereof with the south boundary of the province of Alberta; thence easterly along the said south boundary of the province of Alberta to the point of commencement.

**Red Deer.**

10. The electoral district of Red Deer, bounded as follows: Commencing at the intersection of the north boundary of the thirty-first townships with the west boundary of the province of Alberta; thence northerly along the west boundary of the province of Alberta to the intersection thereof by the north boundary of the forty-first townships; thence easterly along the said north boundary of the forty-first townships to the meridian between the twenty-fifth and twenty-sixth ranges, west of the fifth meridian; thence northerly along the said meridian between the twenty-fifth and twenty-sixth ranges west of the fifth meridian to the north boundary of the fifty-fourth townships; thence easterly along the said north boundary of the fifty-fourth townships to the meridian between the twenty-fourth and twenty-fifth ranges, west of the fifth meridian; thence northerly along the said meridian between the twenty-fourth and twenty-fifth ranges west of the fifth meridian to the north boundary of the fifty-fifth townships; thence easterly along the said north boundary of the fifty-fifth townships to the meridian between the twenty-third and twenty-fourth ranges west of the fifth meridian; thence northerly along the said meridian between the twenty-third and twenty-fourth ranges west of the fifth meridian to the north boundary of the fifty-sixth townships; thence easterly along the said north boundary of the fifty-sixth townships to the meridian between the twenty-second and twenty-third ranges, west of the fifth meridian; thence northerly along the said meridian between the twenty-second and twenty-third ranges, west of the fifth meridian, to the intersection thereof with the north boundary of the fifty-eighth townships; thence easterly along the said north boundary of the fifty-eighth townships to the intersection thereof with the meridian between the twenty-second and twenty-third ranges, west of the fifth meridian; thence northerly along the said meridian, between the twentieth and twenty-first ranges, west of the fourth meridian, to the north boundary of the fifty-fourth townships; thence westerly along the said north boundary of the fifty-fourth townships; thence northerly along the said meridian between the twenty-first and twenty-second ranges, west of the fourth meridian, to the north boundary of the forty-first townships; thence westerly along the said north boundary of the forty-first townships to the meridian between the twenty-fourth and twenty-fifth ranges, west of the fourth meridian; thence northerly along the said meridian between the twenty-fourth and twenty-fifth ranges, west of the fourth meridian, to the intersection thereof by the Battle river; thence along the Battle river up stream to the intersection thereof by the meridian between the eleventh and twelfth ranges, west of the fourth meridian; thence southerly along the said meridian between the eleventh and twelfth ranges west of the fourth meridian, to the intersection thereof with the north boundary of the province of Alberta; thence westerly along the said north boundary of the province of Alberta to the intersection thereof with the west boundary of the province of Alberta; thence southerly along the west boundary of the province of Alberta to the intersection thereof with the south boundary of the province of Alberta; thence easterly along the said south boundary of the province of Alberta to the point of commencement.

**Macleod**

8. The electoral district of Macleod, bounded as follows: Commencing at the south boundary of the province of Alberta where it is intersected by the east shore of the Waterton lakes; thence in a northerly and easterly direction along the east and south shores of the said Waterton lakes to the meridian between the twenty-ninth and thirtieth ranges west of the fourth meridian; thence northerly along the said meridian between the twenty-ninth and thirtieth ranges west of the fourth meridian, to the north boundary of the second townships; thence easterly along the said north boundary of the second townships to the meridian between the twenty-seventh and twenty-eighth ranges west of the fourth meridian; thence northerly along the said meridian between the twenty-seventh and twenty-eighth ranges, west of the fourth meridian; to the south boundary of the Blood Indian reserve; thence easterly along the said south boundary of the Blood Indian reserve to the St. Mary river; thence along the said St. Mary river down stream to the Belly river; thence along the Belly river up stream to the meridian between the twenty-second and twenty-third ranges, west of the fourth meridian; thence northerly along the said meridian between the twenty-second and twenty-third ranges, west of the fourth meridian to the north boundary of the eleventh townships; thence westerly along the said north boundary of the eleventh townships to the intersection thereof with the meridian between the twenty-fifth and twenty-sixth ranges, west of the fourth meridian; thence northerly along the said meridian between the twenty-sixth ranges west of the fourth meridian; thence northerly along the said meridian between the twenty-fifth and twenty-sixth ranges west of the fourth meridian to the north boundary of the thirty-first townships; thence easterly along the said north boundary of the thirty-first townships to the meridian between the twenty-fourth and twenty-fifth ranges west of the fourth meridian; thence northerly along the said meridian between the twenty-fourth and twenty-fifth ranges west of the fourth meridian to the north boundary of the thirty-second townships; thence easterly along the said north boundary of the thirty-second townships to the meridian between the twenty-third and twenty-fourth ranges west of the fourth meridian; thence southerly along the said meridian between the twenty-third and twenty-fourth ranges west of the fourth meridian to the north boundary of the twenty-third townships; thence easterly along the said north boundary of the twenty-third townships to the meridian between the eighteenth and nineteenth ranges west of the fifth meridian; thence northerly along the said meridian between the eighteenth and nineteenth ranges west of the fifth meridian to the north boundary of the province of Alberta; thence westerly along the north boundary of the province of Alberta to the point of commencement.

## "TIZ" GLADDENS SORE, TIRED FEET

No puffed-up, burning, tender, sweaty feet—no corns or callouses.

"TIZ" takes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, callouses, blisters, bunions and chilblains.

"TIZ" draws out the acids and poisons that puff up your feet. No matter how hard you work, how long you dance, how far you walk, or how long you remain on your feet, "TIZ" brings restful foot comfort. "TIZ" is magical, grand, wonderful for tired, aching, swollen, smarting feet. Ah! how comfortable, how happy you feel. Your feet just tingle for joy; shoes never hurt or seem tight.

Get a 25 cent box of "TIZ" now from any druggist or department store. End foot torture forever—wear smaller shoes, keep your feet fresh, sweet and happy. Just think! a whole year's foot comfort for only 25 cents.

## EMIGRATION FROM GREAT BRITAIN IS DECREASED BY HALF

Ottawa, June 19.—The flight from Great Britain this year has received a great check. The emigration statistics issued by the British board of trade show an enormous decline for the four months ending April last, the total of British subjects leaving the United Kingdom for various parts of the empire being 53,161, as compared with 102,032 in the same period of 1913. These figures represent a return to the normal emigration before the boom years of 1910, 1911, 1912 and 1913.

## PROPOSE TO EXTEND ROSTHERN DOMINION EXPERIMENTAL FARM

Rosthern, Sask., June 19—Announcement has just been received that Hon. Martin Burrell, minister of agriculture, Ottawa, has decided to buy three more quarter sections of land to add to the Rosthern experimental farm. The government's intention is to take up stock raising at Rosthern and also dairy demonstrations. The government has taken an option on the balance of the section where the experimental farm is now located.

**Duke Visits Sherbrooke.**

Sherbrooke, Que., June 19—The Duke and Duchess of Connaught, with Princess Patricia, paid an official visit to Sherbrooke yesterday, receiving a cordial reception on behalf of the city by Mayor Mackinnon. A crowd of 19,000 men, women and children were assembled at the parade grounds. They left at 2.30 yesterday afternoon for Lennoxville, where the duke received the honorary degree of D.C.L. at Bishop's university.

**Failed to Bring Horse.**

Montreal, June 19—Guy Durgane is suing the Allan Line Steamship company for $9,500 because the company failed to bring his horse "Hyminde," from Havre to St. John, N.B., in time to allow Hyminde to run at the races at Dorval track last week.

## PARSONS OPPOSE WOMEN HAVING ANY VOICE IN VESTRIES

London, Ont., June 19.—As was the case last year, the Anglican synod of Huron, in annual session here, again denied women's voice in the vestries of the church yesterday. A motion providing for the enfranchisement of women, so far as vestry deliberations are concerned, was introduced by John Bansford, of Clinton, but was defeated by the following vote: Clerical vote, for, 77; against, 45. Lay vote, for, 55; against, 37. A two-thirds vote was necessary.

**Great Blast Shakes Town**

Allentown, Penn., June 19.—Allentown was shaken last night by a great blast when 30,000 sticks of dynamite buried 105 feet deep in 38 holes loosened at least 150,000 tons of slate rock. The blast was a test of a new instantaneous fuse with a speed of 18,000 feet a second. It is said to have been the first time it has been used in the United States, it having been heretofore employed principally in submarine work and at Panama.

**Brandon Thomas is Dead**

London, June 19.—Brandon Thomas, actor and playwright, died here today, aged 58. He was best known as the author of "Charley's Aunt." Mr. Thomas had a successful career on the stage for 28 years. He toured America in 1885, and wrote many comedies and was the author of several popular songs.

We have come to the conclusion that a whole lot of ball players achieve fame merely by jumping from organized ball to the Feds.

# CONSERVING MORE RAINFALL LACKING IN PRACTICABILITY

## Commissioner Chalmers Outlines Objections to Scheme Advocated in East.

## EXPENSE WOULD EXCEED BENEFITS TO BUILDER

## Capacity of Cisterns Required Show Size and Weight Prohibitive.

Why spend millions for pipes to carry water away and more millions for pipes and pumps to carry it back again?

Commenting on this policy emanating from certain eastern cities advocating the conservation of rain water, Commissioner of Operation Chalmers makes the following statement to The Capital:

"No doubt it would be very desirable for certain domestic purposes if it were possible to conserve all the rainwater that falls, say, on the roof of a building during the year. However, when this is investigated a little further I think it will be seen that there are very strong, practical objections to this.

"Of course, we all know that it is possible to retain a certain portion of the rainfall in cisterns, usually located in the basement. It is not impracticable to have these cisterns, of a moderate size, built in the attic, sufficiently low to catch the discharge from the pipes; allowing the water to flow by gravity through the rest of the house.

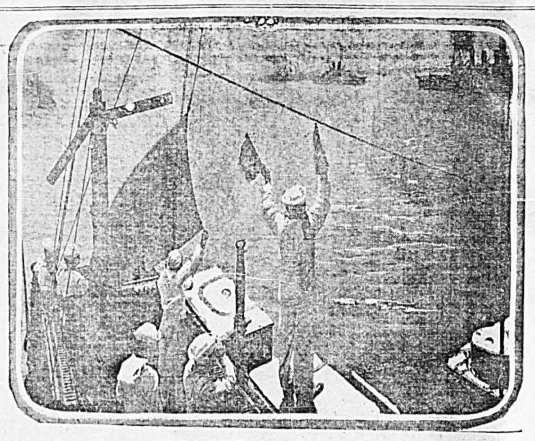
"If we consider for a moment the capacity of cisterns required to hold, say, even a small portion of the season's rainfall, it will be seen that their size and weight is prohibitive. For instance, take an ordinary house, the roof area of which would contain about 1272 square feet and if we allow for a 6-inch rainfall, this will require a tank 6 feet deep, 6 feet wide and 17½ feet long. This tank when full would weigh 19 tons. Take the average total rainfall for the season for the same sized house, would require a tank 6 feet deep, 12 feet wide and 29½ feet long, which, when full, would weigh 65 tons.

"If we consider the roof area of, say, an apartment house or a store 50 feet by 100 feet, would give a roof area of 5,000 square feet, and for the average rainfall of the season, 20 inches, a tank to hold this would require to be 6 feet deep, 20 feet wide and 70 feet long, and when full would weigh 208 tons.

"It will therefore readily be seen that there are very material objections to supporting tanks of this size in the attic of an ordinary house, or even provide for supporting this weight in an apartment or store building.

"Apart from this there is the ever present danger of leaks, which, when they occur, always cause considerable damage to the plastering in other parts of building. It is very difficult to construct a tank which will at all times be absolutely tight, and furthermore, to support the bottom of tanks of such large areas would require a solid, flat, unyielding substance to keep the tanks in shape. To accomplish all this involves more expense than the average builder would care to expend for the benefits derived."

## HOW ADMIRALS BADGER AND FLETCHER DIRECTED THE FIRE OF SHIPS IN VERA CRUZ HARBOR.



This photograph shows how signalmen on the Flagship Arkansas transmitted the orders of Admiral Badger and Admiral Fletcher to the commanders and gunners of the other American vessels. In this way is directed the fire of the small guns used in covering the advance of land forces.

### Edward B. Ryan Dead.

Duluth, Minn., June 19.—In the death of Edward B. Ryan at his home here today came the close of a remarkable life in war and peace. Beside being a soldier in the civil war Mr. Ryan worked his way to the top of two different lines of work on the North Western railroad and two years ago earned honorary retirement and a pension from the railroad. His service with the line covered 53 years.

### Students to Produce Play

For the benefit of those interested in classics the Students of Edmonton Jesuits college will reproduce Moliere's famous comedy "Le Bourgeois Gentilhomme" Tuesday, June 23, at 8:30 p.m. at the Separate school hall, on Third street.

### Two Hundred Miners Entombed.

Liege, Belgium, June 19.—Two hundred coal miners were entombed in the Vielle Marinaye colliery near here when fire broke out today. Two hundred of their comrades escaped when the alarm was given.

The fire was still raging this afternoon and every effort was being made to rescue the miners left in the pits.

### Hurled Overboard to Death.

Vancouver, B. C., June 19.—Owing to a collision between a boat belonging to the British Columbia Oil company and the government boat Knockahout, one of the crew, whose name is unknown, was hurled overboard and drowned. The collision occurred about midnight, when it was too dark to find the man's whereabouts.

H. J. Hesse, of Cleveland, has taught for 50 consecutive years in the parish school of Trinity Lutheran church.

# EDMONTON VIEWS WILL BE SHOWN ALL OVER AMERICA

## ndustrial Commissioner Hall Forwards Thirty to Philadelphia.

## COLLECTION BEST IN WESTERN CANADA

## System One Known as Motographs and is Accompanied by Lecture.

Upwards of 30 views of this city will be shown over the entire American continent through the medium of the Bureau of Commercial Economics, Philadelphia.

Industrial Commissioner Hall forwarded two sets of original pictures, comprising 30 scenes of local prominence. These are now being prepared in both plain and colored stereopticon slides. The collection is said to be the best in existence in Western Canada, Edmonton being particularly favored in this respect.

They will be delivered over a wide area of America, in every Y. M. C. A., free of charge, and accompanied by a lecture. The amount of publicity thereby obtained will serve to place Edmonton very much in the limelight all over the continent.

The movement is one of commendation from an industrial standpoint. Perhaps no better means of imparting information along this line would be possible to attain than through this system of motographs, as it is called. It is an education through graphic methods.

At the present time the leading centers of both Canada and the United States are taking it up and Edmonton is not going to be behind by any means.

On the motographs has been placed the stamp of approval by such eminent public men and leading educational spirits as Vice-president Marshall of the United States; Charles W. Elliott, L.L.D., of Harvard university; Arthur D. H. Hadley, president of Yale and Secretary Daniels, of the U. S. navy.

H B. Williams, new president of Ohio State Normal school, Bowling Green, 26 years ago was an obscure country schol-master.

# IMPERIAL POSTMASTER GENERAL IS IDEA OF SIR JOHN HENNIKER

London, June 19.—Sir John Henniker Heaton, the veteran postal reformer whose energetic influence has produced many reforms in the British postal service, has now written to Right Honorable Charles Hobhouse, postmaster general, urging the appointment of an imperial postmaster general. "Our postmasters-general," Sir Henniker declares, "have reluctantly followed rather than led their colonial colleagues. Their most egregious failure has been with the cable service which they have allowed a small combination of astute speculators to acquire control for their own profit and to the detriment of the empire. What is wanted is a minister with rank so high and independent that he will be able to face the most penurious chancellor of the exchequer and insist on the realization of all postal, telegraphic and cable reforms required in the interests of the empire."

Sir Henniker concludes by advocating a conference of postmasters of the dominions overseas and the United States to confer with the imperial postmaster general on the establishment of a uniform cable rate of one penny a word throughout the British empire and the United States. Another step is to assemble the world's postmasters for the purpose of considering the institution of universal penny letter postage and universal penny a word cable when mailed from the cable station.

### Bank Clearings

Toronto, June 19.—The Canadian Bank clearings for the week ending June 18, as compared with the corresponding week of 1913 are:

| | June 18, 1914 | June 19 1913 |
|---|---|---|
| Montreal | $55,264,717 | $54,892,815 |
| Toronto | 41,379,799 | 40,894,890 |
| Winnipeg | 24,961,457 | 28,956,825 |
| Vancouver | 8,039,658 | 11,697,671 |
| Calgary (later). | | |
| Edmonton | 3,496,320 | 4,485,914 |

Government securities unchanged.
Proportion of reserve to liabilities 48.24 per cent.

### Receiver Named for Bank.

Chicago, Ills., June 19.—The La Salle street Trust and Savings bank which was closed by a state bank, last week, was placed in the hands of a receiver today, W C Niblack, vice-president of the Chicago Title and Trust company was named for the position, by Judge Windes, who placed his bond at $2,500,000.

# THE GRATTAN OIL CO., LIMITED

*Capital $500,000.* *Shares $1.00 Each, Par Value*

## An Edmonton Field Developed by Local Men

The Grattan Oil Company, Limited, is a sound, reliable organization, directed wholly by local men of well known standing, which offers the public an opportunity in a thoroughly prospected proposition. It will pay you to enter into details and satisfy yourself of the genuineness of this undertaking.

### Location of Leases

Sections Thirty-two (32) and Thirty-three (33), Township Forty-four (44), Range Eight (8), West of the Fourth Meridian, in the Province of Alberta;

Section Thirteen (13), Township Forty-five (45), Range Eight (8), West of the Fourth Meridian, in the Province of Alberta. The oil-bearing strata—Dakota and Devonian—are closely associated in this field. It is expected the Dakota will be reached under 1800 feet.

### Valuable Leases Secured

The project has been examined by our own geologist, and selected after a thorough survey of other oil fields in Alberta. This field has been denoted as a favorable one by the following eminent men of the Canadian Geological Survey, Dr. Dawson, Dr. Dowling and Mr. Tyrrell. See Reports 1882-3-84 and 1886.

DIRECTORS—ALL EDMONTON MEN.

# HARD TIMES MEAN LARGER PROFITS FOR THE BANKERS

Business Man Believes Excuses for Tight Money Are Proved Foundationless.

FIVE INSTITUTIONS LOAN $80,000,000 OUTSIDE

Surprised at Board of Trade in Not Dealing With Calgary Letter.

"Why doesn't money loosen up?" asked a prominent business man of the city this morning. 'The Balkan war, the Mexican war and numerous rumors of war and war scares have been given as excuses by so-called financiers as to why legitimate businesses in this and other cities in Canada should not get money.

"It look more and more as if the bankers were joking us right and left. We have been told that money would loosen up month after month. All we had to do was wait a little while. We have been doing this for almost two years now and still they tell us that only a further little wait is needed.

"It is a peculiar thing that during the alleged financial depression, while almost every other form of business was losing money and many concerns were going into the hands of receivers, banks and other kinds of money lenders were making bigger profits than ever.

"I have looked over bank reports which have been published in the papers of the country from time to time and the latest reports of five banks on this statement I have here show that these five banks send no less than $80,000,000 out of the country in loans—and still the business men of this country can't get money, because there are wars and war scares some other places.

"I would like to have any banker in this city, who I know are not responsible for the conditions which exist, as they get their orders from eastern officials who know practically nothing about the west, look over this statement and tell me wherein it is wrong, or send it down to their head offices and let them show where it is.

"It shows that these five banks alone have taken over $80,000,000 out of good Canadian deposits, money made by farming, lumbering, mining, fishing and manufacturing, and loaned it to outsiders. The man who farms or lumbers or mines or fishes or manufactures cannot get money to carry on his business.

"I notice that the Calgary board of trade sent a message to the Edmonton board, which was read at the last meeting of the latter body, and am sorry it was filed without some action being taken, as reported in the press. I think that all the boards of trade in the dominion should take steps to find out why it is that such huge amounts of money are taken out of Canada, at this stage of her growth, when every cent is needed at home. Boards of trade and like institutions expend lots of money in inducing factories, farmers and others to locate here, when, if they could only make conditions such that these farmers or manufacturers could get loans for legitimate business operations on good security at reasonable rates of interest, they could not keep the farmers or manufacturers away.

"We have lots of resources and every kind of industry, but as long as our banking system permits millions upon millions to be taken out of the country every year, of course the farmers and industrial concerns will go where the money goes."

After talking in this vein for some time he handed a reporter a statement of five banks, as follows:

**Five Bank Statements.**

The following is a short statement made from the reports of the five banks named. The reports are the latest issued:

Canadian Bank of Commerce (capital paid up $15,000,000)—Deposits bearing interest, $140,015,309; deposits not bearing interest, $52,798,206; total deposits, $192,853,714.

Bank of B. N. A. (capital paid up $4,866,666)—Deposits, $28,452,993.

Merchants Bank of Canada (capital paid up, $7,000,000)——Deposits bearing interest $45,946,650; not bearing interest, $13,309,394; total, $59,256,044.

Bank of Ottawa (capital paid up $4,000,000)—Deposits bearing interest, $33,038,907; not bearing interest $7,768,-592; total, $40,897,499.

Bank of Nova Scotia (capital paid up, $4,734,300)—Deposits bearing interest, $38,159,369; not bearing interest, $12,786,308; total, $50,945,677.

The following shows the percentage of dividends paid according to the last report:

| | |
|---|---|
| Canadian Bank of Commerce | 19.9 |
| Bank of B. N. A. | 16.0 |
| Merchants Bank of Canada | 17.1 |
| Bank of Ottawa | 17.6 |
| Bank of Nova Scotia | 20.5 |

**Summary of Deposits and Loans.**

The following is interesting as showing that although the deposits in Canada are very large as compared with deposits outside, yet the banks have taken $80,000,000 from Canada and loaned it outside (from April, 1914 statement), thus:

| | |
|---|---|
| Deposits in Canada | $1,003,995,328 |
| Loans in Canada | 922,227,328 |
| Balance | $1,767,490 |
| Loans outside Canada | 194,299,589 |
| Deposits outside | 113,403,809 |
| Balance | $0,895,720 |

**Change Shamrock IV.**

Southampton, June 19.—Four or five tons of lead have been removed from the keel of the Shamrock IV., Sir Thomas Lipton's challenger for the America cup. This constitutes about two thirds of the total lead. The lightening of the boat is regarded in some circles as drastic, but Mr. Nicholson, the designer, says he is hopeful that it will enable the boat to find her bearings more quickly in the light winds.

## Theatres and Picture Shows

### PANTAGES MAGICIAN TAKES "WHANGDOODLE" ROUND THE CIRCUIT

Carter, the famous magician who comes to Pantages theater next week with a new series of tricks and illusions which have never been shown in any part of America before, carries as part of his equipment a five-hundred-pound, lion. The lion, "Baby," plays the leading part in "The Lion's Bride," which is the masterpiece of the imagination of Carter. In speaking about the lion one evening he told the following funny story:

"I purchased my beautiful lion from the Portuguese court after King Manuel was deposed—he was a favorite pet of the sovereign. He is as tame as a dog and is only three years old. In bringing him from Ostend on the steamer to Dover the big cage was brought up to the vessel to be put aboard, but the superintendent balked at it. 'It's a wild animal—a lion,' he asserted, 'and wild animals are in our list of restricted articles.' 'Do you think it is a lion,' I asked. 'Well, isn't it?' he enquired. Then I smiled, 'Well, what is it?' he finally asked. 'That,' I answered impressively, 'is an American whangdoodle.' 'What,' he cried, 'and isn't he wild?' Then I patted Baby on the head and when he put out his paw and shook hands with me the superintendent almost had a fit. Finally he went away and came back with a list of restricted articles. For about ten minutes he searched the pages, but he could not find any such articles mentioned therein and so Baby was passed in without any further trouble."

### AMATEURS WILL HOLD SWAY AT THE BIJOU THEATER THIS EVENING

Tonight the amateurs will hold sway at the Bijou. The many of the Bijou patrons who anxiously await for this weekly novelty, will be pleased to witness tonight an unusually good array of talent displayed. So highly successful has been amateur night at the Bijou that the management make special arrangements for the occasion.

A program of excellent film productions has also been secured. A special Thanhouser release, "From the Flames," treats a new subject and most commendably. The strong situations, tense episodes, hold the keenest attention of the audience.

The old millionaire had a son and a niece. The son had well nigh broken the old millionaire's heart by his extravagances, while the niece was all that any man could desire. After many attempts to reform the son, the millionaire finally made his will leaving everything to the niece and urging her to do what she could to reform the son. The document was drawn in the office of a lawyer and it happened that his clerk was a friend of the son. The clerk saw the chance to make some money and proposed to the son that the will be suppressed. The son accepted, the clerk acted and when the millionaire died the lawyer could not find any will, although he had carefully deposited it in his own safe.

Under the circumstances the son inherited everything and the niece was turned out into the world. One of the servants, who dearly loved the niece, was the old housekeeper, and although she loathed her new master she remained at her post, being convinced that there had been crooked work and declaring that she will expose him. Fortune played in her favor and the plucky old woman recovered the document in an extremely novel way. She turned it over to the lawyer at his suburban home and was followed by the crooks who were, however, unable to overtake her. During the night they tried to steal the document from the house, but the lawyer was alert. In the shuffle that ensued a lighted lamp was upset and the house was soon in flames. A brave fireman came to the rescue, however, and managed to save the will, which turned the good niece into a wealthy woman and made the reckless son dependent upon her bounty.

Frank Morton and his company will show a new playlet as a further attraction to this program of features. No one can apparently object to the lack of amusement offered in the Bijou. Few theaters anywhere can boast of a greater variety.

### CONVINCING PHOTO DRAMA MODERN LIFE AT EMPRESS THEATER

A convincing Photo Drama of modern life will be the feature at the Empress theater for Friday and Saturday with an exceptionally strong American cast including such well known favorites as Miss Winifred Greenwood, Miss Charlotte Burton, Ed Coxen and George Field in the leading characters.

"In the Moonlight" a beautiful two part subject introducing many delightful light effects and artistic settings, embraces a dramatic situation with a tense climax.

George Lytton and Mary Langton, guests at the country home of Mrs. Dora Westley, Mary's sister, take a moolight ride in a canoe on the river. Lytton's manly appearance and personal magnetism at once win the young girl's heart, who tells him her love upon the trip. On their return Mary learns that Lytton is a married man and sharply rebukes her sister for not revealing the fact upon her introduction. Grieved and distressed she leaves for a long trip.

Years pass; Mrs. Westley's children grow to maturity and Dora gives a house party at which Dora, her daughter and Frank, the son of Lytton, spend much of their time in each others company. Mary returning unexpectedly from abroad, visits her sister. She and Frank, Lytton's son, take a ride on the lake and although in love with Sunshine, he is attracted by Mary's maturer charms, proposes marriage to her. Won by the young man's fervent protestations, Mary accepts him. The next day Frank compares Mary and Sunshine and begins to doubt his wisdom of choice. Lytton arrives and believing that Mary has entrapped his son in a promise of marriage, offers her money to give up her supposed claim. Realising that Frank's heart is not for her but for Sunshine, that night Mary paddles out alone on the lake and the culmination of this gripping story of misunderstanding is an empty, overturned canoe floating idly in the lagoon, the sequel to a broken heart.

This beautiful drama but adds another success to the exceptional program always offered the patrons at this beautiful theater.

### THIEF SHIPS LOOT BACK TO UNIVERSITY

St. Louis, Mo., June 19.—A stolen microscope has been returned to Washington university by express from person who signed himself "Conscience." The receipt of the instrument inspired an investigation among the departments of the university to ascertain from which room it was taken. Acting Chancellor Frederick A. Hall said no effort would be made to learn the identity of the sender.

"We have about a hundred of these instruments," Dr. Hall said, "representing an investment of aproximately $60 each. They are scattered about in eight or ten different departments. At the end of each school year an inventory is taken of everything in the institution. This is the first case of the sort we have had."

**Lady House Surgeon.**

London, June 19—Dr. Agatha Doherty, youngest daughter of the late Dr. W. J. Doherty, of Toronto, has received the appointment from July 1 as senior house surgeon of the new hospital for women in London.

Andrew Carnegie is not an atheist, according to the pastor of the New York church attended by Mrs. Carnegie.

**The Weather.**

The weather in Manitoba, most of Saskatchewan and Northern Alberta has been cool with slight frost at a few places, but in Southern Alberta very warm, scattered showers of rain have occurred; very heavy rainfall reported in Battleford district.

Forecast—Manitoba, showers; local thunderstorms tonight and Saturday.

Saskatchewan and Alberta, some local showers but mostly fair today and Saturday, and comparatively cool.

# SPECIAL MEETING TO DISCUSS PHONE RATES TOMORROW

## Acting-Mayor East Issues Notice to Finally Dispose of the Question.

## WHAT ACTION TO BE IS PROBLEMATICAL

## Superintendent Caldwell Urges Necessity Before Beginning Next Quarter.

In order to make a final disposition of the much discussed question of telephone rates, Acting-Mayor East has called a special meeting of the city council for tomorrow at 12:30 noon.

Whether or not the majority of aldermen are in favor of the advocated increase is problematical. It is not anticipated that the sitting will be one of long duration. Ample previous opportunity has been afforded for discussion of the issue. By this time there has already been lots of time for reflection. The opinion is expressed in civic circles this morning that a decisive and quick vote will be registered.

Superintendent Caldwell of the telephone department has expressed himself as being particularly desirous of having the question settled at once, it being imperative to do so before the beginning of the next quarter, which is July 1. For this reason his worship decided to call an early meeting.

It was expected to have come up at the regular meeting of the council on Tuesday night last, being referred to them by the committee, in order that the city fathers might again take it up as a body in committee on the whole. Owing, however, to the meeting breaking up, it was not reached in the order of routine business for the evening.

Should the rates be increased, it is quite likely that the increase will apply to residential as well as commercial phones. The deficit for last year was $63,000, the expenditure being that amount in excess of the revenue. In order to make this up the opinion is expressed that rates applying to both business houses and residences will have to be raised, if an increase is made at all.

## BAILIFF'S SALE

Under and by Virtue of Distress Warrants given by Gus Henkelman and to me directed against the goods and chattles of W. A. Walls of 225 McCauley street, I have seized the following goods namely:

Dated 10th June, 1914.

CONDON & O'DWYER,
Bailiffs and Auctioneers.
Purvis Block, Room 103.
Phone 4532; House 4806.

## COLORED WOMAN PAYS FOR HAVING OPIUM IN HOUSE

The keeping of opium joints and the smoking of that mysterious black dope, will not be tolerated in the city, at least in so-far as the detective department of the city police is concerned, and Freda Preame, colored, found this fact out to her sorrow and expense, and was asked by Magistrate Massie this morning to pay into court $50 and costs.

A few nights ago, five detectives wended their way along Fraser avenue until nearing house number 444. Detective Bryant, who it is claimed is the "official smeller" of the detective force, detected the smell of opium in the air, when still 300 feet from the house, and then it was, to him, merely a case of "follow your nose," until the five officials of the law arrived at the house above mentioned, proceeded inward, and after a thorough search of the seven-roomed house for possibly 20 minutes, were successful in locating considerable paraphernalia pertaining to opium, hidden in a secret sliding door, rather cleverly located under a window box containing flowers.

The balance of this little drama was enacted in the police court this morning, with the result mentioned above, $50 and costs.

## MOUNTED POLICE ARREST FOUR ON CLOVER BAR ROAD

That at least some of the undesirables who have recently been asked to leave the city are still endeavoring to locate in the vicinity of Edmonton, and that, as a result, the Mounted Police may be given more or less trouble, is shown by the fact that four arrests were made by the mounted police last night at a shack on the Clover Bar road, east of the city. They appeared before Inspector Jennings this morning and were dealt with as follows: H. Fallon, $5 and costs, or 30 days; H. Troy, $3 and costs, or 14 days; G. Webster, $20 and costs, or two months in jail; Mary Langmore, two months' imprisonment. The woman is an old offender.

It is stated that the quartette were travelling in an automobile when overtaken by the rain, and sought shelter in a vacant shack along the roadside, where a disturbance was created. A complaint was laid and the arrests and conviction followed.

## SUPPOSED ACCIDENTAL KILLING NOW RESULTS IN A MURDER CHARGE

Wilkie, Sask., June 19.—Growing out of the inquest in connection with the death of the late William Lachner, son of Joseph Lachner, five miles south of Wilkie supposed to have resulted from the accidental discharge of a shot gun in the hands of Robert Ferguson, an employee of Joseph Lachner, on May 12 last, a charge of murder was preferred against Ferguson, who was since arrested and confined in jail at Battleford. The preliminary hearing took place here yesterday before T. A. Dinsley, J.P. Several witnesses gave evidence for the crown. In summing up, Ernest Laycock, crown prosecutor, submitted that sufficient evidence had been produced to warrant the commitment of accused to trial. The magistrate reserved decision until tomorrow afternoon.

## A. G. SHUTE IS REAPPOINTED AS POLICE INSPECTOR

The re-appointment of A. G. Shute as inspector on the city police force has been made by Chief of Police Hill, who believes that Shute is a faithful and conscientious official. Inspector Shute occupied a like position on the force until two weeks after ex-Chief Lancey took charge in February, but was at that time dismissed by Lancey without explanation.

Inspector Shute is an official of long experience and previous to coming to Edmonton, had several years' police experience at Owen Sound, Ont., and great satisfaction will be felt over his re-appointment as inspector here.

## OWNERS MUST MAKE APPLICATION FOR WATER AT ONCE

Superintendent Turner of the Waterworks department is issuing public notice that all property owners who desire water and sewer service on streets that paving is about to be laid are required to make application for the same to the waterworks office at once. This will apply to those who have recently buildings erected on said properties, or intending to do so within the next 12 months. It is imperative, the superintendent states, that observance be made of the notice immediately by those desiring such connections.

## COMMISSIONERS HEAR DEPUTATIONS; REQUEST REASON DISMISSAL

Very little business confronted the city commissioners at their regular meeting this morning.

A deputation was heard in connection with the question of re-subdivisions in Delta and also another in Rossiyn. The same, however, cannot be dealt with until the minimum area for such has been determined by the city council.

A communication was received from W. M. Robertson, formerly accountant of the stores and works department requesting that he be given reasons for his recent dismissal from that department. The matter was referred to the finance committee.

**Building Permits.**

The following are the building permits taken out in this city since yesterday:

Western Realty Co., 93th street, cottage, $2,000.

Woods, 92nd street, dwelling, $200.

## Saturday Will be "FAMILY DAY" Offering General Savings on Seasonable Needs for Men, Women and Children

### A Few of the Day's Many Contributions from the FOOTWEAR Section

SATURDAY'S economy news would be incomplete without contributions from the footwear sections. So rather than disappoint any member of the household "family day" we're going about it in a general way, shaving down prices on a dozen or more groupings for men, women and children. Space, today only permits us to speak of a few of the many to be found in the Department.

**$3.95 Gives Men Choice of $5.00 to $6.00 Oxfords Saturday**

Men will be given choice of our entire stock and every shoe is guaranteed. They are in patent leather, gunmetal, Russia calf and vici kid in black or tan in button or lace styles with Goodyear welt soles. Sizes from youths' 4s to men's 11's. Regularly $5.00 to $6.00 values.

Saturday ..... $3.95

**Another Opportunity for Men to Save as Much as $2.00 on High Shoes**

And where's there a man who'll not take advantage of it? They are all on smart new lasts in button or blucher styles in patent leather, gunmetal and tan Russia calf, with medium or light weight Goodyear welt soles. Sizes 4 to 11. Regularly $5.00, $5.50 and $6.00. Saturday ..... $3.95

## LOOMIS HIT HOME RUN IN NINTH AND BRONKS TIE SCORE 6 TO 6

Eskimos Were Leading 6 to 5 at the Time, But Long Swat Over Left Fence Evened Score and Game Was Called for Darkness—Bearman, Stallcop and Kraft Were Used.

Calgary, June 19.—No Calgary coach patted Gloomy Loomis on the back as he rounded third base on his way to the back as he rounded third base on his way to the home plate after he had clouted the ball over the left field fence in the ninth inning yesterday, and the result was that the battle between Calgary and Edmonton resulted in a tie, the score being 6 to 6. Edmonton was leading, 6 to 5, and Kraft was pitching great ball for Edmonton at the time that Loomis made his circuit swat.

The game was marked by frequent changes in the batteries of each team, Edmonton using three pitchers and Calgary two pitchers and two catchers during the game.

Bearman lasted but one and one third innings for Edmonton, during which time Calgary made five runs. He was replaced by Stallcop. Stallcop was taken out of the game to allow Goldie to act as pinch hitter in the fifth as Battiste was showing signs of weakening, but Devereaux called Loomis to the relief and he succeeded in closing the inning abruptly, Goldie flying out to right field.

In the next round, however, the Eskimos annexed two runs and went into the lead and would have won the game but for Loomis' big wallop in the ninth.

Umpire Wheeler called the game on account of darkness at the end of the ninth.

The box score:

| Edmonton. | AB. | R. | H. | PO. | A. | E. |
|---|---|---|---|---|---|---|
| Cowley, 2b | 3 | 0 | 0 | 2 | 2 | 0 |
| O'Brien, 3b | 5 | 1 | 2 | 0 | 2 | 0 |

Summary—Sacrifice hits, Williams, Stirich, Kuhn. Stolen bases, Cowley, Williams, Lemieux, Lennon. Home runs, Battiste, Loomis. Two-base hits, O'Brien. First base on balls, off Battiste, 5 in 4⅔ innings; off Loomis, 2 in 4 1-3 innings; off Stallcop, 1 in 2 2-3 innings. Left on bases, Calgary, 5; Edmonton, 9. Struck out, by Battiste, 3; by Stallcop, 2; by Kraft, 3. Time 2.10. Umpire, Wheeler.

## GOOD MANAGERS ARE ESSENTIAL TO MOST FIGHTERS

Fight managers have been referred to as mouthpieces for fighters. They have at times come in for a great amount of adverse criticism. While few writers find time or inclination to give the manager a boost, he is nevertheless, a most important asset of the modern day fighter. Without the advice and guidance of a clever manager, the fighter would be a ship without a pilot.

True it is that the manager collects 25 to 33 per cent. of his fighter's earnings, but when you take into consideration the long years of hardship encountered in learning the tricks of the trade before becoming fully qualified properly to look after the interests of his scrapper, the pay cannot be called exorbitant.

Many boys have shown that they have the making of fairly good wielders of the glove, but for the reason that they are not equipped with a clever manager to advise them in their undertakings they have failed to arrive at a prominent position in the profession that they have chosen. The boy who has never shown any form of being a top-notcher or is not overburdened with class needs the manager more than any other. Very often such a fighter, aided by a clever manager, will make more money and gain more fame than the clever lad who is handicapped by the lack of an up-to-date adviser. There are several fighters who really gained all their prominence through the sagacious way in which they were handled.

**SENSE IN THIS!**

When a Man can Hat himself afresh at Hudson's Bay for several dollars less it's plain as the nose on his face that there he should go. Cool Panamas this week are only $5.00 in that Greater Men's Store.

### EDDIE COLLINS MAY JUMP CONNIE MACK AND JOIN FEDERALS

**St. Louis, June 19.—One quarter of the famous $100,000 infield—Second Baseman Eddie Collins, of the Philadelphia Athletics—is ready to "jump" Connie Mack and join the Federals. This was admitted by Collins, who arrived in St. Louis with the champions today.**

## PITCHER LIND BLEW IN NINTH QUAKERS WIN 8-5

Last Inning Was Fatal to Medicine Hat When They Were in the Lead.

Medicine Hat, June 19—Pitcher Lind blew up in the ninth yesterday after pitching air-tight ball all the way, and the six hits which Saskatoon got off him gave them four runs and left the score 8 to 5 on the third game of the series.

It was one of the hardest and most spectacular games seen here this year and was baseball all the way, six double plays helping to make the battle fast and decidedly interesting.

Brown, last year a team-mate of Lind, was Hurley's mound man, and worked well, but was weak in the pinches.

Lind, while always in more or less trouble, stood the pinches well, until the last inning, when he went up in the air. In the last inning it looked as if the locals were going to make a great finish, and after Brown walked two men with only one down, Beer was substituted to finish and he did it in his usual style, the next two batters going out.

The game was very clean and was attended by a great crowd.

Score—

| | R. | H. | E. |
|---|---|---|---|
| Medicine Hat .. 210 100 100—5 | 8 | 3 | |
| Saskatoon. . . . 004 000 004—8 | 12 | 2 | |

Batteries—Lind and Bliss; Brown, Ferris and Walters.

**North Edmonton Baseball Club**

The North Edmonton team defeated Fairview on Tuesday the 16th, in the return game at Swift ground after the best exhibition of ball seen there this season.

Both batteries were air tight and only one error was made in the whole game.

North Edmonton have another first class Megaphone Artist in the person of Jim Hodson whose ardour was not in the least cooled but only dampened by the application of a glass of cold water in his pocket, at one of the most exciting periods of the game. (Jim thought it was Perspiration).

North Edmonton—Peters, ss., Sheasley c., Burgess 3rd, Wulf 1st, Cooper 2nd, Peterson rf., Miller lf., Stambaugh c.f., Murphy p.

Fairview—Tull 2nd, Campbell 1st, Ellie c., Stokes cf., Swales 3rd, Gibson ss; Cook rf., Rice lf., Dedigo p.

| | |
|---|---|
| North Edmonton | 000 020 001— 3 |
| Fairview | 000 100 010—2 |

**Champion Comes Back.**

New York, June 19.—Al Reich, former national amateur heavyweight champion, knocked out Sailor Fritts of Brooklyn in the final round of a 10-round match here last night. Reich weighed 206; Fritts, 191.

HELP THE GIRLS!

## TWO GREAT FRENCH ATHLETES.

Boulin, the famous middle distance runner—one of the greatest followers of the cinder track, on the left. M. H. Lamentz, who at eighteen, beat Wilding. He lost his form last year, but shows signs of becoming as fit as ever this season. On the right.

## MAJOR LEAGUE RESULTS

**Won in the Ninth.**

Boston, June 19.—(National)—In a game that dragged through 2 hours and 37 minutes, St. Louis defeated Boston yesterday 6 to 5, by scoring two runs in the first half of the ninth inning after two were out.

**Evened the Series.**

New York, June 19.—(National)—Pittsburg evened the series with New York by taking an uphill game yesterday by a score of 4 to 3. With the score 3 to 0 in favor of New York the Pirates scored 4 runs in the eighth inning on four hits and two errors by Stock.

**St. Louis Beat Phillies.**

St. Louis, June 19.—(American)—Although the world's champions fought hard they could not overcome a lead the home club secured in the early innings, so St. Louis won from Philadelphia by 6 to 5 and went into third place in the race for the American league pennant. Strunk knocked the ball into right field bleacher for a home run with men on second and third.

**Cincinnati Bunched Hits.**

Brooklyn, June 19.—(National)—Yesterday's game between Brooklyn and Cincinnati was another battle royal with plenty of freak incidents. The visitors won, 4 to 3, by bunching their hits in the first and ninth innings. Allen started the pitching for Brooklyn and lasted one inning, two singles and a pass and an out netting the Reds a brace of tallies.

**Tigers Beat Johnson.**

Detroit, June 19.—(American)—The Detroit Tigers defeated Walter Johnson yesterday, 4 to 2, in the opening game of their series with Washington. Johnson worked at a disadvantage in the rain which began at the opening of the fourth inning and continued for the balance of the game. The slippery ball seemed to bother him more than it did Dubuc. This was the third consecutive defeat for Johnson.

**Chicago Was Wild.**

Philadelphia, June 19.—(National)—Philadelphia took advantage of the wildness of Cheny and Pierce and Chicago's errors and walked off with the victory yesterday by 12 to 4.

**Sport Writer in Wrong**

Montreal, June 19.—Samuel H. Lichtenhein, president of the Montreal Baseball club, has begun an action against the Montreal Standard for $25,000 damages. The action is based on an article in the Standard last Saturday reflecting on the playing management of the local ball team, and especially advising people to stay away from the local ball games until there should be a change in the management.

**Altitude Record**

St. Petersburg, June 19.—A new altitude record in an aeroplane, carrying 11 persons was established yesterday by Aviator Sikorski, who ascended 6,561 feet with ten passengers.

## DOUBLE HEADER IS DIVIDED BY ROBINS AND HAT

Rhode Won First Game 7 to 3, and Harrah Earned a Shut-Out 3-0.

Moose Jaw, June 19.—The Regina Red Sox and Robin Hoods broke even on yesterday's double-header, the visitors taking the first game by a score of 7 to 3, when Rhode clearly outpitched Peel, and the home bunch winning the evening encounter, 3 to 0. The last game was a pitcher's battle between Harrah and Botoroff. The Regina man was unlucky to lose his game although he had an even break with Harrah.

Regina had three men cut off at the plate, however, and this was hard on their pitcher whose good work went for naught. Harrah pitched splendid ball and was very good on control.

The score, first game— R. H. E.
Moose Jaw ..... 010 050 002—3 7 3
Regina ..... 000 040 300—7 11 2
Peel and Wally; Rhode and Netzel.

Second game— R. H. E.
Moose Jaw ..... 101 000 013—3 6 0
Regina ..... 000 000 000—0 6 1
Harrah and Wally; Botoroff and Yetzel.

## LOCAL SOCCER NOTES

The Hudsons Bay defeated the Sons of Scotland last evening in a senior soccer game on the old exhibition grounds. The score was 2 to 0, and both goals were counted in the first half of the play. Briscoe and Purvis scored the two counters. The Sons were playing two men short for a portion of the game against the full strength of the winners. Player Mather, of the Hudson's Bay, was the recipient of a nasty blow on the face from Conlin, but as referee Crosby did not see the attack, allowed the offender to continue play.

The teams lined up as follows:

Sons of Scotland—Goal, Barker; backs, Heaney and Meikle; half-backs, McDonald, Lord and Munn; forwards, Davies, Wylie and Conlin.

Hudson's Bay—Goal, Stone; backs, Walker and White; half-backs, Mulmun, Lawson and Seaton; forwards, McWilliams, Mather, Purvis, Briscoe and Kew.

**Amateurs vs. Scots.**

The following players will represent the Amateurs in their cricket match with the Strathcona on Saturday at the south side grounds:

F. Parker (captain), W. Dixon, A. E. Parker, H. J. Towerton, E. W. Parker, J. A. Pernton, C. F. Parker, L. Jennings, L. Parker, P. Dyle, T. Winder and W. D. Turner.

HELP THE GIRLS!

J. F. PHILP, City Passenger Agent.
153 Jasper Ave. E. Phone 4057

# News of the Markets

### Winnipeg Grain.

Winnipeg, June 19—Winnipeg wheat opened ⅝ to ⅝ lower. Oats ¼ higher, flax ¼ to 1⅛ lower. The market was heavy and weak, decline being helped by rains over the Canadian west. At noon it was somewhat recovered from a low of no less than 1¼ below yesterday's close, but still ¼ below opening.

Oats showed considerable strength, but reports of rain weakened flax.

The weather map shows more or less abundant rain as having fallen over the Canadian west, although there are some big areas as yet very dry. Taken as a whole the west is having good growing weather.

No improvement in export business has yet resulted from the break in wheat and there is practicalyl no cash demand to speak of, while offerings are heavy.

American markets were firm.

Receipts were 244 cars inspected and 275 in sight.

Minneapolis, 88; Duluth, 51 and Chicago 10.

### Winnipeg Listed Stocks.

Winnipeg, June 19.—Listed stocks:—

| | | |
|---|---|---|
| Can. Fire | 150 | ... |
| Com. Loan | ... | 103 |
| Empire Loan | 109 | 110 |
| G. W. Life, xd. | 250 | ... |
| G. W. Perm. xd. | 125¼ | 128 |
| Man. and Sask. Coal | ... | 90 |
| Nor. Can. Mort. xd. | ... | 125 |
| Nor. Crown | ... | 90½ |

### Toronto Cattle.

Toronto, June 19—There were very light receipts yesterday and the quality was not up to the average for the earlier part of the week in the live stock market. The demand was active for good butcher cattle, and everything in that class was cleaned up at steady prices, equal to the best prices paid this week, quality considered. A few lots of light stocker cattle were left over, the demand for this class being still very quiet.

Calves and spring lambs steady.

Heavy sheep are not wanted at any price, and it is useless sending them to market at the present time.

Hogs were firmer and 10c and 15c higher.

Union yards receipts were 53 cars with 332 cattle, 139 calves, 2,301 hogs and 508 sheep and lambs.

Butcher cattle—Choice 8.25 and 8.50; medium, 8.00 and 8.15; common 6.50 and 7.25. Butcher cows, choice, 6.25 and 7.25; medium cows, 6.00 and 6.10; common, 4.50 and 5.50. Butcher bulls, choice, 7.00 and 7.40; medium, 6.50 and 6.75. Rough bulls, 4.00 and 4.50; feeders, 900 pounds, 7.50 and 7.75; short keep, 1,100 pounds, 7.40 and 7.75; stockers, 650 to 800 pounds, 7.25 and 7.50; medium, 7.00 and 7.35; light, 6.50 and 7.25; canners and cutters, 2.50 and 4.00; milkers, choice, each $65 and $80; common and medium, $35 and $40; springers, $60 and $75.

Light ewes, 5.50 and 6.50; heavy, 3.50 and 4.50; bucks, 3.50 and 4.50.

Hogs—Fed and watered, 7.45 and 8.00; f.o.b., 7.60 and 7.65; off cars, 8.15 and 8.25.

Spring lambs, 10.00 and 11.00.

Calves, 6.00 and 10.50.

### Toronto Stocks

Toronto, June 19.—There was rather firmer tone to the Toronto market yesterday, no doubt being more or less of a reflection of the improvement in the London and New York markets

The declaration of several local industrial dividends at the regular rates has also had a helpful effect. Business, however, was on a somewhat small scale, with the trading rather widely scattered and activity in any one issue limited. Brazilian's fractional gain reflected the strength in London.

The steel stocks have been looking up the past day or so on improved conditions, and they were firm again. Steel corporation sold at 23; steel of Canada at 13 and Nova Scotia at 54½.

In the mines Holliger again sold at its top price of 19.25.

### Toronto Stock Sales.

Toronto, June 19—The following are yesterday's sales:

Canadian Permanent, 200 at 185; Brazilian, 170 at 78⅛ to 78⅝; General Electric, 172 at 100¼ to 99¼; Tretheway, 500 at 15⅛; Steel Canadian, 100 at 12⅝ to 13; Steel Corporation, 100 at 23; Coniagas, 180 at 720; Larose, 200 at 142; Barcelona, 100 at 25¼.

### Chicago Grain.

Chicaga, June 19.—Huge sales for export gave yesterday's wheat market an upward swing. Closing prices, although easy, were a shade to ¼ to ⅜ net higher. Oats finished with a gain of ¼ to ⅜ to ½ to ⅝.

It was announced that export sales of old wheat during the last 48 hours amounted to 1,400,000 bushels, and that lake charters interests in the same period reached a total of 2,000,000 bushels for old wheat, quick loading. At first, however, the trade in general ware unaware of the magnitude of the foreifn business and appeared disposed to look on the perfect weather in the harvest region as the chief thing to be considered.

There was a decided absence of pressure from hedging against the purchase of new crop wheat. Illinois and Nebraska farmers in particular were reported as not inclined to make contracts at present prices and as holding back until threshing time at least, on account of current bids not averaging within 11 to 12 cents of the corresponding time a year ago. In this connection bullish estimates were circulated to show that in several important staes he demand for wheat to feed might easily become as important as for the purpose of sales to Europe.

Oats were hoisted by news of adverse field conditions, chiefly in Indiana and Illinois.

### Chicago Cattle

Chicago, June 19.—Cattle—Receipts, 21,000 Firm Beeves, 7.35 and 9.35; Texas steers, 6.80 and 8.15; stockers and feeders, 6.10 and 8.10; cows and heifers, 6.60 and 8.70; active 7.00 and 10.25.

Hogs — Receits, 21,000. Market strong. Light 8.05 and 8.30; mixed 8.05 and 8.35 heavy 7.90 and 8.35; rough 7.90 and 8.05; pigs 7.10 and 7.85; bulk of sales, 8.25 and 8.30.

Sheep—Receipts, 14,000, Market steady. Native, 5.30 and 8.40; yearlings 6.30 and 7.50; lambs—native, 6.30 and 8.50; spring lambs, 7.25 and 9.75.

### Chicago Wool.

Chicago, June 19—Prices are firm, but the market is less active than last week; large quantities of western wools arriving. Manufacturers are able to make selections, and stock not strictly desirable is accumulating in dealers' hands. This is a normal situation and does not indicate weakness, as manufacturers cannot be expected to absorb the entire clip as fast as shown Dealers are making no concessions and full prices are being paid in the west. The Montana clip is being cleaned up on a 20 cent basis. Last week's quotations unchanged, namely:

Montana and Western Canada half blood, 22 cents to 24 cents.

Quarter and ⅜ blood, 22 to 24 cents.

Coarse, 17 to 19c.

Fine staple, 21 to 23 cents.

Fine clothing, 18 to 20c.

Fine medium clothing, 19 to 21c.

### Montreal Produce

Montreal, June 19.—Butter and cheese quiet with no change in prices.

Cheese—Finest westerns, 13 and 13¼; easterns, 12¾ and 12⅞.

Butter—Choicest creamery, 24½ and 25; seconds 23½ and 24.

Eggs—Fresh, 23 and 24; selected, 26 and 27; 2 stock, 20 and 21.

Pork—Heavy Canada short mess, barrels, 35 to 45 pieces, 29; short cut backs, barrels, 45 to 55 pieces, 28½.

Montreal, June 19.—Stock market sentiment continue more hopeful today. The demand for stocks was light but there was further relaxation in the selling pressure and buying orders had to be filled at advancing prices. Sotia Steel was the most active on the list and made further progress in its recovery, touching 55 early in the day, compared with 52¾ at Wednesday's close. Offering of stock were fair at that level and the price fell to 53¾, but rallied back to 54½ on a good absorption of the offerings, and closed ¼ with a net gain of ½ for the day. About 1,000 shares changed hands.

### New York Stocks

New York, June 19.—A better showing was made by the market yesterday. Not only was the decline of the previous two days checked, but the list moved most of the time, yet while the advance was general there was only a few instances in which it exceeded fractions.

The firm tone of the market was due in a measure to a repurchase by traders who sold during the earlier days of the week. There was a scarcity of offerings, which resulted in raising of bids The improvement in the political outlook abroad also helped the market. London was in a cheerful mood, and American stocks there were higher. These advances led to a corresponding movement in the international stocks here. London came into this market principal for Amalgamated and Steel, taking about 30,000 shares.

### New York Metals.

New York, June 19.—Copper dull; spot and August, 13.37 to 13.87; electrolytic, 13.87 to 14.00; lake, nominal; castings, 13.75 to 13.87. London easy; spot £61 11s. 6d.; futures, £62 3s. 9d.

Tin firm; spot and August, 30.50 to 31.00; London weak; spot £138; futures, £139 15s.

Lead quiet, 3.85 to 3.95; London, £19 5s.

Spelter steady, 5.05 to 525. London £21.

Iron quiet and unchanged. Cleveland warrants in London 31s. 3d.

Bar silver, 23⅝.

### London Stocks.

London, June 19—Sentiment was better in the trading yesterday, largely on the improvement in the Greece-Turkish situation. French politics and the home rule political outlook. The marrct was relieved to find that the French loan rentes will be offered, the money being needed to clear the financial situation. The loan probably will be offered at 95. Although these factors added strength to the tone, business was on a small scale, the total of sales at the end of the day showed business to be dull. Consols spurted on early trading and maintained their strength throughout the day, finishing 9-16 up for money at 74 and 74½ for the account. The new Canadian scrip rose ¼ in sympathy.

Home railway improved and cheerfulness swayed the market despite the employees' demand for higher wages now outlined. Foreign stocks were steady as were American, the pace keeping well considering lack of buying support. Advances of small fractions were made by many of the leaders. New York Central and Erie were in demand. Canadian Pacifics were bought at higher levels. Fresh news from Calgary oil fields were hepiful in this advance of the steck because of large holdings of the company in that district and its interest in new mineral fields such as this. The attempted murder of the British emperor, however, checked all continental support, the stock rallying almost entirely on home demand to 193⅞. Grand Tranks also were firmer all round.

### LOCAL MARKETS.

The prices were as follows for the different lines of produce:

| | | |
|---|---|---|
| Meats— | | |
| Beef, per lb. | 9 | to 12 |
| Roasts | 12 | to 12½ |
| Sirloin | 17 | to 22 |
| Steaks | 17 | to 22 |
| Mutton (hind) | 16 | to 17½ |
| Mutton (front) | 12 | to 13 |
| Pork (sides) | 11 | |
| Pork (front) | 10½ | |
| Pork (loin) | 15 | to 16 |
| Poultry— | | |
| Chicken | 22 | to 25 |
| Fowl | 18 | to 20 |
| Ducks | 20 | to 23 |
| Geese | 25 | |
| Turkeys | 25 | |
| Fish— | | |
| White fish | 7 | to 10 |
| Salmon | 18 | to 20 |
| Cod | 12½ | to 15 |
| Halibut | 8½ | to 12½ |
| Vegetables in abundance. | | |
| Butter | 20 | to 30 |
| Eggs | 20 | to 25 |

Hampstead. London. Eng.

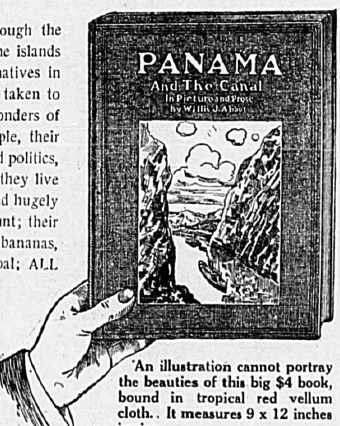
# Take This Trip Almost Free

There are no expensive preparations; no time lost; use only your leisure hours; sit in your easy chair and read

## Panama and the Canal in Picture and Prose



This book first takes you in through the front door of Panama—through the islands along the way, describing the natives in picture and prose; thence you are taken to the isthmus and are shown the wonders of that unknown country—the people, their strange costumes, their religions and politics, their peculiar characteristics; how they live —how certain natives eat lizards and hugely enjoy them—how they fish and hunt; their sports and pastimes; marketing bananas, shooting alligators, burning charcoal; ALL there is to know, all about these queer people, and more than has ever been told of the great waterways—from the whys and wherefores of its inception to the ins and outs of its construction — and on through to its completion—in all a beautiful human interest story that will charm the reader to the very last page.

An illustration cannot portray the beauties of this big $4 book, bound in tropical red vellum cloth. It measures 9 x 12 inches in size.
The Picture of the Hand Shows the Comparative Size of the Book.

IT IS A RARE TREAT FOR EVERYBODY

## The CAPITAL

presents this book to its readers on the popular plan explained in the Panama Certificate printed daily in these columns.

**Cut Out the Panama Certificate** and present at this office with the expense amount of $1.20 for the $4 volume, or 50 cents for the $2 volume (which covers the items of the cost of packing, express from the factory, checking, clerk hire, and other necessary EXPENSE items), and receive your choice of these books:

**The Large Volume**
is printed from new type, large and clear, splendidly bound, with inlaid panel showing the famous Culebra Cut in natural colors, and filled with magnificent illustrations, many of which are from water color studies in artistic colorings.

**The Small Volume**
contains practically the same reading matter; is bound in blue vellum cloth, but contains only 100 photographic reproductions, and the color plates are omitted. Willis J. Aboot, America's most versatile writer, is the author of both books.

MAIL ORDERS FILLED AS EXPLAINED IN THE CERTIFICATE PRINTED ON PAGE 2 OF THIS ISSUE

# A TRIP TO PANAMA

THE CAPITAL wants every one of its readers to take a trip to the GREAT PANAMA CANAL and see the wonders of this mighty achievement. You say you can't spare the time. All right, then we'll bring the Canal TO YOU—all in one BIG volume, filled with PICTURES of ACTUAL SCENES never before published, described in words that hold you spellbound. Read on, and learn how you may get this magnificent book—this complete story of Panama in picture and prose—

Not merely a picture book, but an educational work of rare interest to every member of the home.

## FOR $1.20 ONLY

Art plates reproduced from water-color studies abound throughout the entire magnificent volume.

Every progressive man, woman and child is eager to know all about the Panama Canal and the remarkable country through which it passes. Realizing this fact several hundred newspapers have arranged to take an enormous advance edition of the most elaborate and complete illustrated history of PANAMA AND THE CANAL, published by the Syndicate Publishing Co., of New York City.

This company is eminently fitted to issue such a work at a minimum cost. It has heretofore supplied through daily newspapers millions of high-class dictionaries and other books.

THE CAPITAL is the one paper in this section through which PANAMA AND THE CANAL IN PICTURE AND PROSE can be had. The plan outlined below tells you how to get this only complete Panama Book ALMOST FREE.

The large volume is twice the size of an ordinary novel; it is a most handsome book, stamped in gold, with beautiful color panel on front cover, showing the famous Culebra Cut; it contains 450 large pages filled with interesting information of rare educational value to every reader. The illustrations are modern works of art, covering every important scene in the Canal Zone; they include 16 water-color plates with more than 600 photographic studies.

## Presentation By The EDMONTON CAPITAL

Willis J. Abbot, the versatile writer on International subjects and author of many books of history and travel, spent months in Panama and the Canal Zone in the preparation of this volume. He collected at first hands the complete history of the great Canal, with a wealth of historical data concerning Panama which has never before been written. The result is a human interest story of this beautiful land and its people from the early days when Columbus tried to find a natural waterway from the Atlantic to the Pacific, down to the present time.

Special staff photographers made the hundreds of beautiful views which illustrate practically every page of this exhaustive book.

The well-known artist, E. J. Read, made the sixteen sumptuous water-color studies which are reproduced by the latest color processes on specially made paper.

The Panama Canal, the greatest engineering achievement of the world's history, cost more than

**$400,000,000**

It links the two greatest oceans, and becomes the most important factor in peace and war. So where is the red-blooded inhabitant of this globe that does not feel vitally interested in it? Truly it is the wonder of this progressive age!

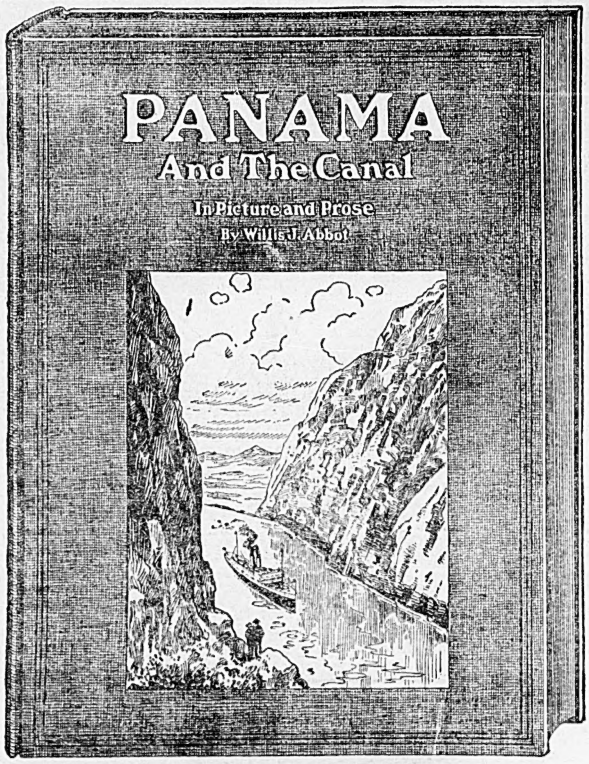
## PANAMA and the CANAL in PICTURE and PROSE

The greatly reduced illustration printed below shows less than half the size of the large illustrated volume

The Most Unusual Canal Scenes Described in Word Pictures That Fill You with Astonishment at the Wonders of this Great Undertaking

It tells you of the people of Panama and the Zone—their dress, their homes, their work and pastimes.

**Learn How You Can Get This Beautiful Volume Almost Free**



Greatly Reduced Illustration of the $4 Volume—Exact Size 9x12 Inches

Compared to other similar standard books it is

**Fully Worth $4.00**

and will be sold at this price after the present edition has been distributed. This unheard-of value to our readers represents more than an 80 per cent. saving.

## HOW TO GET IT
